NO. 281 — SIXTY-EIGHTH YEAR VICTORIA, BRITISH COLUMBIA, THURSDAY, NOVEMBER 4, 1926 TWENTY PAGES

## DEFINITION IS AN AWKWARD THING

Dominant Question Behind Scenes at Imperial Conference, Is Constitutional—Premiers Puzzled

### MANY COMPLEXITIES LURK BEHIND ISSUE

While Difficulties Are Many, Whole Atmosphere Is of Most Cordial Nature—Premier Hertzog Speaks

LONDON, Nov. 3.—(Cable from George Hamilton, Staff Correspondent of the Canadian Press.)—Behind the scenes at the Imperial Conference a constitutional question is now the dominating issue. The Premier's Committee on Inter-Imperial Relations met again today but the official communiqué of its proceedings does not give the slightest indication as to what they were. It is understood, however, that the committee is still hard at work endeavoring to find a solution of the difficulties which have arisen as the outcome of Premier Hertzog's claim for international recognition of the independent national status of South Africa.

Consideration of the question apparently has discovered complexities with regard to treaty making powers, etc., which evidently had not been suspected at the outset. Furthermore, it is doubted, even by those Dominion representatives who always pressed for Dominion autonomy, whether any good could be gained at present by an attempt to define equality status.

### Atmosphere Cordial

While the difficulties before the Premier's Committee are complex, there is no indication of any ill feeling among the delegates. The whole atmosphere here, indeed, is said to be of the most cordial nature. Premier Hertzog, himself, speaking at lunch today indicated the good feeling prevailing at the Conference. He emphasized the value of personal contact in removing misunderstandings, quarrels and bickerings, and said that was why he appreciated the Imperial Conference, where the delegates had contact with each other. Referring to differences between South Africa and India, Premier Hertzog declared:

"We need have no fear of those difficulties not eventually being settled."

### This was Premier Hertzog's first public speech since the Conference opened.

### Economic Committee

The economic committee today considered the question of the liability of state enterprises to taxation, also the question of the taxation of non-residents trading in the dominions. A problem before the committee in the latter regard is whether it is possible to reach a joint agreement as to the area of the suggested taxation. With regard to the first question, the liability of state enterprises to taxation, the committee is considering whether it is not possible to give some definite effect to the resolution passed on this subject at the Imperial Economic Conference three years ago, endorsing the right of any part of the Empire to tax state owned property of another part.

A resolution on the question was as follows: "Any government within the Empire, so far as it engages in trade, shall be treated as liable to the taxation of any other country within the Empire in which it may either own property in connection with trade or make trade profits; the liability of the United Kingdom, or any Dominion government, so far as being engaged in trade is concerned, shall be co-extensive with the liability of a private trading corporation in similar circumstances."

## URGENT NEW BOARD TO PROBE ISSUE

FIRE WARDENS MAKE RECOMMENDATIONS TO ABATE CINDER NUISANCE  
Mill Owners and Civic Body Hold Conference With Provincial Fire Marshal

That the City Council request the Provincial Government to create a Provincial Board of Fire Wardens, whose duties will be to recommend improvements in mills that will abate the cinder nuisance, was one of the recommendations made at the Fire Warden's conference held at the City Council on Monday night.

The Victoria City Council earlier in the year gave notice to the mill-owners to do away with the cinder and sawdust nuisance in this community. This action was taken by the Council at that time as a result of many complaints received from residents, particularly from those living in the Rock Bay district, who were in convincing terms the annoyance that cinders from the mill-burners created.

## ADVENTUROUS BOY SAVES JAIL BREAK

MORRIS NEVILLE LEFT RELATIVES HERE TO SEEK HIS FORTUNE IN SOUTH  
Presence of Mind Prevented Desperate Criminals Escaping From Stockade at Fort Bliss, Texas

Morris Neville, a young fellow with close relatives here, who left Victoria for the South two months ago, has soon proved himself a hero in Texas. His parents, Mr. and Mrs. H. H. Neville, of 1938 Rae Street, Regina, have been advised of his splendid act in halting a jail delivery of twenty-seven prisoners at Fort Bliss, Texas.

### On Guard Duty

It appears that the young man, who is twenty years of age, soon after leaving here joined the Eighth Cavalry of the United States, and was placed on guard duty on September 26 at the stockade of the military camp.

### Struck With Rolling Pin

George Burge, one of the criminals, approached Neville and offered him a cup of coffee. As he reached for the steaming drink the criminal hit him over the head with a rolling pin. Though dazed by the blow, Neville managed to break off the attackers and finally, just as he felt unconscious, he shot at and instantly killed Burge. The report of the riot gun Neville was carrying brought other guards to his assistance and the twenty-seven prisoners, who were then making a rush for freedom, were quickly captured and subdued. Had the prisoners secured the weapons carried by Neville—he was armed with a riot gun and an army revolver at the time—the loss of life might have been serious.

## CHEMICAL WORKS ARE ARSENALS

Disarmament Conference Hears Predictions That Great Cities May Be Razed by Bombs From Planes

### DYE PLANTS ARE ABLE TO MAKE POISON GAS

Factories Use Various Chemicals, Such as Chlorine, That Are Immediately Available for War Purposes

GENEVA, Nov. 3.—Predictions that great cities like London and New York could quickly be destroyed by poison gas bombs hurled from airplanes, have caused delegates to the Preparatory Disarmament Conference to attach special importance to their discussions on chemical warfare.

Great Britain, the United States, France and Belgium, some of which countries have been on opposite sides in important technical problems, are united in agreeing that factories normally employed for chemical purposes, including dye works, can be adapted to the manufacture of poison gases. They are not at one, however, on the question of the penalties to be imposed upon any country which may violate its solemn pact not to resort to gas operations.

### Anti-Poison Gas Treaty

France, which is the only country which has ratified the anti-poison gas treaty of Geneva, has come out flatly in favor of reprisals in the form of gas warfare on any country which that country should be their preventive measure. Hence it is suggested that all States in possession of chemical industries should undertake to put at the disposal of any State that is attacked by gas the raw materials, chemical products and means of operation necessary for reprisals, and to engage in joint reprisals themselves, as far as possible, by the use of every chemical means against the State which has committed an act of aggression by using gas.

### Dye Works as Armaments

The experts will tell the Preparatory Commission that in the dye industry, many of the intermediates employed are themselves poisonous chemicals. They emphasize that chlorine and phosgene which are articles of commerce, can be used as poison gas, so that the plants which produce them for industrial purposes are immediately available for war use. To the question as to whether any practical means can be devised to prevent chemical warfare, the experts have admitted that such is virtually impossible.

### Sporadic Outbursts Reported From Spain

PERIGNAN, France, Nov. 3.—News of sporadic demonstrations in Spain, connected with the revolutionary plot nipped here yesterday, was received over the border today. The demonstrations were quickly quashed, however, and the country now is calm.

### Coastguard Boats Said To Be Liquor Carriers

HORTON, Nov. 3.—(The Boston-American.)—A story, in a copyrighted story, that six Boston coast-guard boats, ferrying liquor from Rum Row at a "union price" of \$1 a case, have led to a Federal investigation that has revealed coast-guard boats as regular liquor carriers, with some of their officers as part owners in Rum Row vessels.

## Candidature Announced For Party Leadership

MR. LEON J. LADNER  
M.P. elect for South Vancouver, born at Ladner, B.C. in 1912, he was first elected to Parliament in 1921. In a statement issued yesterday, he accepted nomination as a candidate for the leadership of the Conservative Provincial party.

## CANADIAN NATIONAL PRESIDENT COMING

SIR HENRY THORNTON WILL ARRIVE HERE ON SATURDAY MORNING  
Is Accompanied by Officials—Will Be Here for Two Days—To Speak to Canadian Club

"Sir Henry Thornton, president of the Canadian National Railways, will arrive in Victoria on Saturday morning. He will remain here until Monday afternoon. On this tour he will be accompanied by Lady Thornton, and by a number of officials of the railway."

It has already been announced that he will address the Canadian Club on Thanksgiving Day. It is expected that the railway will take the occasion of the visit to discuss with him certain industrial and other developments in which the railway is interested, as well as the connection between the temporary terminals and the Ogden Point piers.

The party spent Tuesday in the Okanagan Valley, reached Vancouver yesterday, and several engagements there today and tomorrow, and on the return from Victoria will proceed to Prince Rupert.

## REPUBLICANS WIN ON PACIFIC SLOPE

GAIN SWEEPING VICTORIES IN IDAHO AND CALIFORNIA—LEADS ELSEWHERE  
Patterson Apparently Elected in Oregon—Part-Mutual and Other Proposals Are Defeated

SAN FRANCISCO, Nov. 3.—The election was marked by sweeping Republican victories in Idaho and California, and generally in the land also in Oregon, Washington, Utah and Nevada. Proposals to ask Congress to call a convention to modify the 14th amendment and to declare prohibition a failure carried by overwhelming majorities in Nevada, and in California the initiative measure for repeal of the state prohibition enforcement act had a margin of approximately 58,000 votes in its favor tonight.

In Oregon another Democrat governor, W. M. Pierce, apparently had been defeated for re-election by L. L. Patterson, Republican, a farmer of Polk County. In the same state, Frederick W. Steiwer, Republican, was leading Bert Haney, Democrat, and Senator R. N. Stanford, Republican incumbent, running as an independent, in a spirited senatorial contest.

### Forty Thousand Follow In Funeral of Fascist

GAGLIARI, Sardinia, Nov. 3.—Forty thousand persons today followed the bier of the Fascist Porra, who was killed by an anti-Fascist while addressing a crowd on the subject of the attempted assassination of Mussolini. The funeral was made the occasion of the greatest Fascist demonstration in the history of Sardinia.

### Premiers are to Dine At Buckingham Palace

LONDON, Nov. 3.—(Cable from George Hamilton, Staff Correspondent of the Canadian Press.)—Their Majesties the King and Queen will welcome the Dominion Premiers at a banquet at Buckingham Palace tomorrow night.

### Aviator Killed

FENRACOLA, Fla., Nov. 3.—Ensign Hickory Fied, of Portland, Ore., was killed late today when his airplane struck another machine at an altitude of 2,000 feet.

## INSURGENTS SEE THEIR DAY COME

Republican Stalwarts Must Come to Terms With Progressives in Order to Hold Majority in Congress

### DEMOCRATS HAVE BEST VOTE IN TWELVE YEARS

Opposition Party Gains Seven Seats in Senate and Thirteen in House—Two Governorships Captured

NEW YORK, Nov. 3.—The shadow of an insurgent hand on the control levers of the new Congress took increasing shape tonight with slowly-mounting election returns.

As far and near districts sent in their ballots, the Democratic tide rolled into the working majorities of the Republicans had reached such proportions that it became certain that the insurgent insurgents would hold the balance of power in the Senate and possibly in the House.

### Republican Insurgents Gain

Republican insurgents in Congress not only held their own, but they added two new members in the Senate in Smith W. Brookhart, of Iowa, and John W. Blaine, of Wisconsin. With the Republican majority whittled to a bare two or three this group will hold a strategic position in the seventh Congress.

### Leaving aside the four contests on which decisive returns are yet to be received, the Democrats have elected

seventeen Senators and the Republicans a like number. Should all four of the seats in dispute go to the majority party it will hold one shy of a two-thirds majority in the new Senate. Senator Shipstead, Farmer-Labor, Minnesota, would be placed in the position—thereby at least—of controlling the drafting of the new Senate organization and other questions. On November 29 the Republicans are certain to elect a Senator for Maine.

### Canadian Apples are Like Canadian Women

MONTREAL, Nov. 3.—"Canadian apples are like Canadian women—superior in every respect," declared Hon. J. E. Campbell, Minister of Agriculture and Acting Premier of Quebec, when he formally opened the second annual apple exhibition of the Pomological and Fruit Growing Society of Quebec here.

## Swamp Floor Drops Into Shaft of Mine; Fifty-Three Drown

Tunnel Had Been Extended Underneath Marsh—After Heavy Rains Mine Roof Gives Way and Huge Body of Water and of Land Softened to Mire Pours Into Shaft and Fills All Levels

Men at Work Are Trapped While Mass Forces Way to Depth and Fills All Up

ISHPEMING, Mich., Nov. 3.—Fifty-three miners are believed to have lost their lives when the bottom of a swamp under which the Barnes Hecker iron mine near here had been extended dropped into a shaft today. Following heavy rains the bottom of the swamp gave way and a section 300 feet long and 200 feet wide fell into the mine, trapping the men at work. The mass of slough is believed to have caught most of the men on the first and third levels.

## QUEEN'S ADDRESS IS IMPASSIONED

CAUTION AND CONVENTION SAID TO BE THROWN TO WINDS IN MARYHILL SPEECH  
Dedication of Building Founded by Samuel Hill Is Official Object of Voyage and Journey

QUEEN MARIE'S TRAIN AT PORTLAND, Ore., Nov. 3.—Queen Marie cast caution and convention to the winds today to make an impassioned defence of her mission to this country and of her friendship for an old man and a woman invalid who made her visit possible.

Standing defiantly in the cold bareness of the unfinished halls of the Mary Hill Museum of Fine Art, a stout and unbuttoned woman, the Queen Marie, of the old world, the Columbia River, Marie dedicated the building with ringing phrases of Samuel Hill and Miss Louise Fuller.

Mr. Hill, son-in-law of the late James J. Hill, the empire builder and himself a road builder and world traveler, founded the museum of which Miss Fuller, former dancer, is a director.

The address, delivered without advance preparation and without previous consultation with her Rumanian advisers, brought into the open the unexpected criticism of her visit which had as its chief object the dedication of a little-known museum, built in the hills overlooking the Columbia River by a man known as M. Shorridge and John E. Elliott, Democrat, still was left in the undecided class, although Shorridge had what appeared to be a commanding lead.

## NET INCOME WILL BE \$45,000,000

SIR HENRY THORNTON MAKES ESTIMATE FOR CANADIAN NATIONAL FOR YEAR  
Earning Power of System Has Grown to Fifteen Times What It Was Four Years Ago

VANCOUVER, Nov. 3.—A net operating income of \$45,000,000 for the Canadian National Railways this year was predicted by Sir Henry Thornton, chairman and president of the company, during an address to the Board of Trade here tonight. This sum, Sir Henry pointed out, will be sufficient to pay all the interest charges on securities held by the public and leave something over for application against loans made by the Government.

"One way to measure the value of an investment is by its earning capacity," Sir Henry said. "Applying that standard to the Canadian National Railways we find that in 1922 the net earnings were \$3,000,000, while this year we hope to have net earnings of \$45,000,000. If you capitalize these sums at five per cent you will find that the Canadian National Railways this year have an investment value of \$900,000,000 as compared with \$60,000,000. That is to say the value of the National system, from the point of view of earning power, has increased fifteen times in four years."

### Near Future of Canada

Admitting the charge levelled against him that he is a super-optimist, the speaker throughout the whole of his address preached gospel of faith in the future of Canada, and he cited as examples the development of the great natural resources being carried on in all sections of the country; the investment of huge sums of money in the Dominion by foreign capitalists; and the rapidly increasing markets for the products of the farms of Canada and also of its industries.

Sir Henry also touched upon the creation of the Canadian Board of Trade, and congratulated the business men of the Dominion for taking this step. He expressed the hope that the Dominion Board would establish a transportation committee with which the railway companies could deal, and which would assist in promoting a better understanding of freight rate matters.

In concluding his remarks he reassured his audience not to be too much worried by immediate problems. "There will always be problems," he said, "but remember this, the battles of today are the victories of tomorrow."

### Teacher is Dismissed; She Smoked on Train

RAILWAY STATION, Nov. 3.—Miss Verle Jackson, of Lindsay, a teacher in the public school staff, has been dismissed by the Board of Trustees following charges that she had smoked on an excursion train recently.

### Car Kills Man

LONDON, Ont., Nov. 3.—Herbert Green, of Inver Township, was instantly killed yesterday on the provincial highway west of Melbourne when struck by an automobile driven by John Hubbard, Toronto. Hubbard was arrested on a charge of manslaughter.

1. That the former notice given the sawmill owners be given twelve months' notice to abate the cinder and sawdust nuisance.

2. That the Provincial Government be requested to form, through Provincial Fire Marshal Thomas, a board of fire wardens, who would be in a position to recommend improvements that would lead to the abatement of the cinder and sawdust nuisance.

The mill-owners, who have spent sums of money ranging from \$1,000 to \$15,000 in the past in an endeavor to check the cinder and sawdust nuisance, said they were anxious to co-operate with the City Council and the Provincial Government in seeing that the nuisance complained of would be removed.

### WAGE ORDER MAY GO TO COURT ANY TIME

LABOR COMMISSION'S RULE AS TO LUMBER & DRYERS LIKELY TO BE TESTED

Attorney-General as Minister of Labor Stands Behind Action of the Department

Almost at any time now the courts may be appealed to with respect to the Minimum Wage order affecting the lumber industry in this province. The order fixing the minimum wages that could be paid in any branch of that industry at forty cents an hour came into effect on the first of the present month.

The lumber industry has announced its intention to fight the order specifying as the ground of objection that it is discriminatory, inasmuch as it affects only one industry which is, it contended, not suggested by the act.

Just how soon the matter will get to the courts and in what manner the appeal will be made is problematical. Hon. A. M. Manson, the Attorney-General of the Province, who is likewise Minister of Labor, has announced his intention of standing by the order which the department has made. If the discharge of any employee from the service of any of the lumber mills or other works coming under the order takes place because of the refusal of the employee to take less than the minimum wage set, it is altogether likely that the courts will be appealed to at once, when the legality of the order will come under review.

It is improbable that an appeal will be made to the Court of Appeal by way of a stated case covering the matters in dispute, and to which both sides to the question would agree.

The members of the commission acting under the Department of Labor and consisting of Mr. J. D. McEwen, Deputy Minister of Labor; Mr. Frank Foster and Mr. T. F. Peterson are considering the situation in Vancouver. Upon their decision with respect to the situation a great deal will depend as to what action will be taken with respect to the matter.

Three Youths Arrested For Death of Woman

VANCOUVER, Nov. 3.—As a result of injuries received when she was struck by a "hit-and-run" driver while alighting from a street car in the Grandview district on Halloween, Mrs. W. Hood died at the General Hospital this morning.

Three youths are under arrest in connection with the accident and are now held at the juvenile detention home. The driver of the car will be charged with manslaughter, while the other two youths will be similarly charged as accessories after the fact, according to the police.

Arrest of the youths followed investigation by members of the traffic department. Their search led, it is alleged, to the revelation that the three youths had rented a car from a local auto livery and following the accident turned the machine back in proper form.

### City May Contribute \$1,000 Towards Cost Of Wading Pool

THE City of Victoria will contribute the sum of \$1,000 towards the cost of constructing the second Kiwanis Club wading pool in this community if the City Council next Monday night adopts the recommendation that will be presented by the civic parks board.

The parks committee, in session at the City Hall yesterday, decided to recommend to the Council that the offer of the Victoria Kiwanis Club to build a children's wading pool at the northeast corner of Central Park be accepted, and that \$1,000 be given by the city towards the expense of the project.

### Hartley Recall Movement

EVANSTON, Nov. 3.—Joseph Irving, chairman of a state-wide committee opposed to a movement to recall Governor Hartley, said here tonight that circulation of petitions expressing confidence in the chief executive may soon be discontinued. "The number of signatures obtained on the recall petitions circulated by our opponents is so exceedingly small, according to the best information we have been able to obtain," he said, "that it is my personal idea there is no need of us keeping our Seattle headquarters open much longer. I understand that the recall supporters obtained only 7,000 signatures in Seattle and 7,000 elsewhere in the state."

Leaders of the recall movement announced yesterday that they had obtained 50,000 of the 97,574 signatures required for a recall election.

It is not intended that such legislation should have retrospective effect for any year prior to 1924."

### SAANICH MAY HAVE THREE PLEBISCITES

Ward Four Annual Meeting Told of Important Issues by Councillor William Stubbs

In addition to voting for councillors, reeve and school trustees in the coming elections in Saanich, the people of that municipality may be called upon to cast a vote on one by-law and in connection with two referenda. It was stated by Councillor William Stubbs, in addressing the annual meeting of the Ward Four ratepayers last night.

Mr. Stubbs, in dealing with the waterworks extension question, stated that the replacement of 4,000 feet of eight-inch main with twelve-inch pipe on Cloverdale Avenue was absolutely necessary to insure the proper water pressure in the Gordon Head district. When asked who he believed was to blame for the installation of the eight-inch main between two sections of twelve-inch pipe, Councillor Stubbs said it had been recommended by the present road superintendent with a view to economizing. It was not known then that Gordon Head would be requiring water.

While supporting the proposed transfer of the Saanich police to the Provincial police, Councillor Stubbs said that he believed it was a matter for the people of Saanich to decide upon and would most likely be put to them in the form of a referendum. If Councillor Stubbs's notice of motion to take a plebiscite on the improvement taxation question passed at the next Council meeting, and there was every likelihood that such would be the case, then the people of Saanich

Flintlock Musket Unearthed of Style of Hudson's Bay One Hundred and Fifty Years Ago

EDMONTON, Nov. 3.—Clearing up the floor of a newly constructed cabin on his trap line to the north of Primrose Lake, Anton Lundgren, Cold Lake trapper, heard a click as the edge of his shovel struck some metallic substance.

Hoping that here was the nugget which every trapper and prospector dreams of finding some day, Lundgren carefully dug around the obstruction and unearthed a complete metal skeleton and an old flintlock musket. Only the metal parts of the musket remained, and it was of a style such as was used by the British army and employees of the Hudson's Bay Company some 150 years ago. The butt and stock had completely rotted away, but on the barrel the trapper deciphered the name of "John Wilson, London."

Local legend has it that a fort of the company was built at a place

called Gabriel's Point, on the narrow of Primrose Lake, almost two centuries ago. There is no record, however, of when the post was abandoned, but the outlines of the foundations can still be discerned among the ranks of vegetation which now mark the spot. Even the name of the fort is now forgotten.

**Saanich Poll to Test Improvement Tax Issue**

Councillor Stubbs Definitely Announces Candidature for Reeveship—Councillors Kirkham, Graham and Crouch Other Possible Contestants

As was predicted in the columns of The Colonist at an early date, the contest for the reeveship of Saanich has resulted itself down to a fight between improvement taxation and single tax. In announcing last night his candidature for chief magistrate of the municipality, Councillor William Stubbs assured the inner wards of an exponent for single tax, with Trustee F. V. Hobbs, an outer ward representative in the field for reeveship, in favor of improvement taxation.

At the annual meeting of Saanich Ward Four ratepayers, held at Strawberry Vale last night, Councillor Stubbs definitely announced himself as in the field for the office of reeve. It is generally conceded that Councillor Crouch, who approached to enter the same contest, will withdraw so as not to split the vote among the inner wards. This, however, is subject to whatever other candidates come out before nomination day.

Councillor Kirkham, who attended last night's meeting, was asked definitely if he would seek the office of reeveship. He replied that he was not prepared at the present time to make any announcement. He admitted that he had been pressed in the matter, but was unable to say anything definite. His candidature, however, is generally accepted. Councillor Kirkham stated to The Colonist yesterday that he expected to make an announcement within the next few days. There is still some probability that

Councillor William Graham may come out for reeve. In an interview yesterday, he said that he had been approached by a large number to run for reeve, while others had asked him to seek re-election as councillor. He was still considering the reeveship contest, he stated, but in any case he would be in the field during the coming election for one office or the other. Councillor VanVleet has been assured staunch support if he will run for councillor for Ward Three again. This will be his seventh term of office if elected and it is practically conceded that he will be put in by acclamation, owing to the overwhelming support given him at the polls last election. Councillor Crouch says he will seek re-election as councillor if he does not run for reeve, while Councillor Clarence Oldfield practically gave assurance that he would run again. He wished to attend some of the ward meetings, however, before coming to a definite decision. Councillor Hagan was the only member of the council who did not wish to make any statement.

Ward Four ratepayers nominated Mr. William Nix as their candidate for councillor on a single tax platform, while the candidatures of Trustees Mrs. Carapian and H. P. Thorpe were endorsed at the meeting. Reeve Macnicol stated to The Colonist yesterday that he had been approached to run for both the Saanich School Board and Council, the latter as councillor. Reeve Macnicol has already stated that he will not seek a fourth term of office as reeve.

**CHURCH ORGANIZES ITS MEN'S CLUB**

ALDERMAN CLEARHUE CHOSEN AS PRESIDENT OF THE NEW BODY

Leading Oak Bay Residents Support Effort of United Church in District

A men's club, under the auspices of the Oak Bay United Church, was organized at a meeting on Tuesday evening.

An excellent supper was provided by the Ladies' Aid, Mr. J. B. Clearhue acting as chairman throughout. Rev. Principal Smith, D.D., of the Union College, Vancouver, voiced an appeal for the college. He sketched the growth of the organization of the United Church and the need for a strong, sane, educational ministry.

The officers of the new organization, which will meet on the first Tuesday evening of every month, are as follows: Hon. president, Rev. W. A. Guy; president, J. B. Clearhue; vice-president, Captain F. R. Wright; secretary-treasurer, Ernest Shaw. Members of executive: Charles Hudson and H. H. Percival; musical director, W. A. Ruffell; press correspondent, R. Aylward. Among those present were the following: C. B. McLaren, W. A. Guy, V. Johnstone, E. Nicholas, C. C. Young, G. D. Bouton, F. G. Lynde, G. H. Gardiner, H. Mitchell, W. B. W. Armstrong, W. G. Agar, C. E. McNeill.

**Three Councillors In Esquimalt Will Seek Re-election**

WITH a straight fight between Reeve Matheson, who is seeking re-election in Esquimalt, and Mr. James Elrick, chairman of the School Board, generally conceded, the three other retiring members of the Esquimalt Council have announced their intention of seeking re-election again this year. These councillors are Captain James Cox, Mr. Samuel Pomroy and Mr. H. H. Nield. Mr. G. W. Brooker, who has sought election in past years, is again expected to enter the field this year.

H. G. Lough, John H. Ellett, F. R. Oliver, A. G. Faribairn, D. McLaren, Hon. Henderson, H. H. Hollins, F. R. Wright, D. Bantley, E. Shaw, H. L. Briggs, C. B. Hobbs, R. Armony, H. L. Percival, T. Hunter, J. L. Forrester, J. H. Alexander, W. H. Ruffell, C. Hudson, S. Smith, T. R. S. Stott, J. F. Sutton, R. W. Reed, J. W. Grist, R. Aylward, E. Cordner, J. F. Hanna and C. A. Gilbard.

The proceedings were interspersed with solos by Miss Verlie Johnstone and Mr. W. H. Ruffell, and several community choruses were indulged in.

**MINISTER THINKS REVIVAL NEEDED**

HON. J. D. MACLEAN SAYS ELECTIONS SHOW PRINCIPLES OF LIBERALISM FORGOTTEN

Revival of Interest, He Believes, Could Be Aroused by Monthly Meetings for Study

Advocating on the part of the members of the Liberal Ward Association that they should give at least one evening a month to the study of what the party had done, and how it could be assisted, Hon. J. D. MacLean, Minister of Finance, gave a practical address to the members of Ward One C. Hudson, in Stanley Hall last evening. The minister made the suggestion that there were a number of connected with the political history of Great Britain and Canada which would afford them a reason for inculcating their allegiance to the Liberal party.

Dr. MacLean said that the existence of any government was only justified as long as it could be shown that it was doing something for the advancement of the country. The prosperity of the country was ahead of the individual benefits of any party or any individuals. He felt therefore that the great object of the meeting of a party organization was not the passing of resolutions, or the seeking of some job for a member of the party, but the study of the great principles that were underlying the formation and continuance of the party.

Suggestion for Study  
Among the subjects that might be studied, he thought, were the getting of the franchise of the great mass of people, the obtaining of the vote by ballot and old age pensions in Great Britain.

Policies were made effective at the polls, said Dr. MacLean. To gain this result care had to be taken to see that the electors were on the lists. When one considered how hard their forefathers had fought to secure the right to vote, it was a sad thing to find that some were so careless about taking advantage of the right as won. If asked to give a definition for Liberalism he said he would say the term was synonymous with freedom—intellectual, social, religious and educational freedom. The last Dominion and Provincial elections in Victoria and the surrounding country showed that the electors did not know what Liberalism stood for and what its principles were. Had this been known the vote would have been somewhat different.

No government anywhere had done as much as the present government of the Province had done in the way of social legislation, and for the benefit of the people generally. Yet they found that labor did not always vote with them. As instances of what had been done in this way Dr. MacLean cited the minimum wage law for girls and for certain classes of men. In view of the situation he felt that the function of the associations should be largely educational.

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario.—"I was terribly run-down after the birth of my third baby. I had awful bearing-down pains and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly and asked me to try it. I have had splendid results and feel fine all the time now. Any one who needs a thorough pick-me-up soon learns from me what to take."—Mrs. RENA FAGGIE, 501 Cumberland Street, Ottawa, Ontario.

Terrible Backache  
Hamilton, Ont.—"After my baby was born I had terrible backache and headache. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go undone at the time, because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first one and have not had any trouble like it since."—Mrs. T. MARLEY, 115 Ferguson Avenue South, Hamilton, Ontario.

that the party had to meet, the speaker said that it was often urged that there was too much of the natural materials of the country exported in the raw state. The policy of the governments, both in the province and at Ottawa, was to manufacture everything that could be manufactured in the country. In the case of timber, the local government wanted every log that could be seen in the province to be so used.

Export of Lumber  
There was, he said, in the cutting of the timber, a certain part of the product, like the hemlock timber, for which there was not the demand

locally. This lumber was inferior in quality, and rather than waste it, it was being allowed to be shipped out as logs to be sawn elsewhere. All the logs that were so shipped out would not, according to the last figures he had, keep a good-sized mill running.

A few years ago, sixty-five per cent of the products of Canada went out in the raw state. Today only forty-three per cent of it so went out, and this included wheat. In a country like the United States even, thirty-eight per cent of the products went out in the raw state.

Before he closed, the speaker briefly reviewed the constitution of the Dominion and of the province. Before Hon. Dr. MacLean arrived, Mr. Wm. Ivel spoke for some time on questions of the day. He referred to the good work which the Provincial Government was doing. It was perhaps open to criticism that it had not played politics very strongly. At the same time it had done well for the province as a whole. Liberalism, he said, stood for no special privileges.

A vote of thanks was accorded the speaker. With the president, Mr. A. L. Campbell, in the chair, some business was transacted looking to franchise registration.

Three convictions were recorded in the Saanich Police Court yesterday afternoon at a short session presided over by Magistrate George Jay. Charles W. Tolson and the Northern Electric Company were each fined the sum of \$20 for operating their automobiles on North Quadra Street, past the North Dairy School at a rate of speed greater than ten miles an hour. Mr. H. E. A. Courtney appeared for Tolson and entered a plea of guilty to the charge. Failure to report a motor accident within twenty-four hours after it had occurred cost John Jewkes the sum of \$5.

**Cougar Is Plentiful In Cycles at Quatsino**

Well-Known Resident Writes to Game Board on Subject of Deer Hunting, and Menace From Predatory Animals—District Well Protected

Mr. E. W. Leeson, sub-collector at Quatsino, and well-known resident in that locality, has written a letter to the secretary of the Game Conservation Board in connection with conditions around Quatsino Sound. He says:

"I have been requested to write you my observations during the last thirty-three years of the game in this north end of Vancouver Island, particularly the deer; I have been a continuous resident during the time, coming here in 1893. At that time the deer were very plentiful. It was quite a common sight to see one or two at any time on the beach when travelling by boat.

"We were buying the dried deer hides, from the Indians, and shipping quite a large bundle once a month. Mr. E. Friesen, a trader here at that time, was sending about as many.

"This continued one or two years more, I am not sure of the dates, and this buying of hides was prohibited.

"The deer continued plentiful a few more years. A large buck could always be obtained from the Indians for seventy-five cents or one dollar.

**Cougar Rare**

"About 1898, a young cougar was caught in a trap over at MacLata, and was brought around to Winter Harbor. It was a curiosity to the younger generation of the Indians, children of twelve to fifteen had never seen a live or dead one. The older Indians knew what they were. A little later one was shot at Coal Harbor and then again we heard of one on buying a cougar skin now and again became a common occurrence. The timber wolves also made their appearance, both the grey and the black. I myself saw two bands of five or six animals, and one during the following ten years. Somewhere about 1914, Indian Zark-eous was given a gold medal by your department. I think, for killing the largest number of cougar during this period. The deer gradually disappeared and from then on we were practically without deer meat. Somewhere about 1915 a cougar was killed here in the settlement trying to catch a dog in the open. The animal was found, skin and bone, in a starving condition. Only a few more cougar skins came in after this.

**Deer Increase**

"About five years ago the deer gradually began to appear again and are now quite plentiful, also the fine band of elk at the end of the S.E. Arm have gradually grown up again from the onslaught of the predatory animals. A number of fine buck deer have been killed this season, there being plenty now of these animals for the local population.

"Now comes the real reason for my writing this letter to you. 'Nemesis' has once more appeared. A cougar has been killed recently by Messrs. Doble and Pilling, a young, very fat, male, with nothing but partly digested blood in his stomach. Another one was seen at Camp C, just west of Port Alice. The hunter only had one shell left and was afraid to shoot. A cougar track has been seen on the flat at the S.E. Arm, where the elk come out and are often seen feeding.

**Comes in Cycles**

"If you look at the map of this end of the island you will see we are surrounded on three sides by water and the most northerly part almost by four sides, for Quatsino Sound nearly cuts the island in two. The predators animals start from the south, flourish and increase. Owing to the confined nature of the country they gradually consume all the food, for it cannot escape. They themselves then gradually starve out and disappear.

"This happens in cycles of fifteen to twenty years. We old-timers have seen one cycle complete, and the old Indians practically confirm this.

"This end of Vancouver Island is a very fine game reserve just now, and it is really a serious problem how it can be maintained. The Indians killing the animals for the hides, or even the pit-lamper, has no comparison whatever with the predatory animals. The cougar takes one or two bles and the warm blood, and goes on the next one, like a cat among mice.

"It appears the only thing to try is to have a man here on the Sound with two or three trained dogs. The telephone is extended to most of the arms of the Sound. Every time a cougar is reported the hunter is to go and stay with it until he gets him. He will get \$100 for every animal and \$1 nothing else. I venture to say this cougar will be so voraciously hunted that the Government will not be out any more money than if left at the present \$40 bounty five years from now. At the end of that time they will be paying the \$10 very often, and our deer will be getting very scarce, whereas now it is the sportsman's paradise for the black-tailed deer, and in certainly worth some sort of effort to preserve."

**Will Be Invalid For Many Weeks Through Injury**

INJURIES sustained by Mr. E. J. Haughton, superintendent of the British Columbia Radio Telegraph Department, when he was struck down by a motor car in Vancouver last Saturday morning, will detain him in bed until the new year. It was learned here last night, Mr. Haughton sustained a compound fracture of the leg, also severe cuts on each of his legs.

Mr. Haughton is now a resident of St. Paul's Hospital, Vancouver, where he is doing as well as can be expected. On December 1 he will be removed from there to the Jubilee Hospital here, where he will be a patient until the new year.

**Obituary**

PARTING—There passed away at the family residence, 215 Menzies Street, yesterday morning, Mr. Charles Parting, aged sixty-nine years, a native of England and a resident of this city for the last thirteen years. He leaves to mourn his loss his widow and three daughters, Mrs. W. J. Saltmarsh, Mrs. A. E. Spill and Miss Alice Parting of this city. The remains are resting at the Thomson Funeral Home, 1625 Quadra Street, whence the funeral will take place on Saturday afternoon, November 6, at 2:30 o'clock. The remains will be laid to rest in the Royal Oak Burial Park.

HUTCHISON—The funeral of the late Mrs. Ethel Hutchison, who passed away on Monday at Ten-Mile Point, Cadboro Bay, was held yesterday afternoon from McCall Bros. Funeral Home. The Rev. W. Carroll, rector of St. Luke's, conducted the service, which was attended by a number of friends. The many beautiful flowers gave testimony to the esteem in which the late Mrs. Hutchison was held by her many friends. Interment was made in the Royal Oak Burial Park, with the following friends as pallbearers: Messrs. G. Stuart, A. E. Williams, P. V. Hobbs, W. Hoey, V. Morrow and W. Murphy.

BURNES—There passed away on Wednesday afternoon at the family residence, 812 Wollaston Avenue, Esquimalt, Mrs. Mary Matilda Burnes, relict of the late Mr. James J. Burnes. The late Mrs. Burnes was born in the state of New York in 1856 and had resided in Victoria for the past twenty-five years. She is mourned by one daughter, Miss Irene May Burnes, who is a teacher in Lampson Street School, also by two sisters and one brother in the eastern United States. The remains are resting at McCall Bros. Funeral Home. Announcement of funeral will be made later.

WHITE—The funeral of the late Mr. Stephen White took place from Haywards B.C. Funeral Chapel yesterday morning at 1:55 o'clock, and proceeded to St. Andrew's Cathedral where mass and funeral service was conducted by the Rev. Father Deely at 9 o'clock. The service was attended by friends, and many beautiful flowers covered the casket. The following acted as pallbearers: Messrs. Geo. McMoran, N. Nesburn, A. Caldwell, H. G. Brown, James Birney and M. H. McKabe. Interment was made in the family plot at Ross Bay Cemetery.

GENTLE—The funeral of the late Alexander Gentle, who passed away at the family residence, 3157 Gamma Street, last Sunday, took place yesterday afternoon at 3 o'clock from the Sands Funeral Chapel. Relatives and a large gathering of friends were present, and the casket was covered with many beautiful flowers. The Rev. Daniel Walker delivered a very impressive service and the hymns sung were "Abide With Me" and "The Sands of Time Are Sinking". The pallbearers were Messrs. David McNab, Geo. Ruby, E. Fye, Hugh McLaughlin, E. Snowden and C. Drummond. The remains were laid to rest in the Royal Oak Burial Park.

CLIFF—An impressive service was conducted at the family residence, 1729 Hampshire Road, yesterday morning, for the late Mr. Charles E. Cliff, who passed away on October 31. The Rev. Dr. Rippell, assisted by the Rev. C. M. Tait, officiated at the service at the residence, and the Rev. Dr. Rippell and the Rev. W. C. Frank officiating at the graveside. The hymn sung was "Thou Hidden Source of Calm Repose." A large number of friends were present and many beautiful floral tributes covered the casket and hearse. The following acted as pallbearers: Messrs. P. H. Brown, T. A. Brown, J. B. Clearhue, A. E. Clearhue, G. D. Christie and H. Stevens. Interment was made in the Royal Oak Burial Park.

You Can Try It FREE

For six long years I suffered all the tortures of Asthma. My own was so bad I could not go down for more than ten minutes at a time without choking and gasping for breath. I tried every kind of medicine but was rejected every time. I tried every kind of treatment I ever heard of. Nothing did me any good. One day a friend gave me a formula for a treatment that he claimed had relieved many sufferers. This remarkable medicine gave me almost instant relief. After the first day I could lie down and sleep in comfort. Within a very short time I was completely relieved and was able to get a ten thousand dollar life policy. That was positive proof to me of my being out of the clutches of this terrible disease. Now that I am enjoying life and health again I want to help every sufferer get rid of Asthma. I want every victim of this disease to try "Free Breath." At my expense, I am so positive it will help you that I will gladly send you a trial treatment for the sake of the sufferer. I have gotten wonderful results and praise it highly, therefore, no matter what your condition is now, you should, in justice to yourself, accept this offer and give this medicine a trial. Don't send me money. Simply fill out and mail the coupon below—that's all. I mean this offer to show my faith in this medicine and to give you that here at last is something that will help you. Believe, believe in that dreadful health-sapping malady, Asthma. Mail coupon today—right now—before you forget it. You will thank me as long as you live. The last you will hear of me is from me. Benton Harbor, Mich.

Social Club will hold another of its  
popular dances on Saturday evening,  
at the Empress Hotel, from 8:30 to  
11:30 o'clock. The orchestra will  
supply the music.

**Lecture**—Dr. Hills, LL.D.,  
late principal of the Manitoba Col-  
lege of Law, will give a lecture on  
Friday evening in the St.  
Michael's Church hall, commencing  
at 8 o'clock. The subject of his lec-  
ture will be "The Tower of London."

**Sixtieth Anniversary**—At the regu-  
lar meeting of the Native Sons of  
Canada, to be held this evening at the  
Sons of Canada Hall, discussion will  
center around the question of  
Canada's diamond jubilee, and Mr. H.  
A. Hunt's motion regarding the  
Canadian Government.

C.P.R. is doing in Eastern United  
States papers. The Publicity Bureau  
has received information that this  
company is attracting attention to  
Victoria as the evergreen city of Can-  
ada, and setting out the many points  
of interest hereabout.

### Nation and Empire Is

### General Odium's Theme

VANCOUVER, Nov. 3.—Appealing  
for development of a "true patri-  
otism" which by fostering love of Can-  
ada would subsume all with unswerving  
loyalty to the British Empire, Brig-  
adier-General V. W. Odium delivered  
an address before Vancouver Cana-  
dian Club annual meeting here last  
night.

General Odium referred to Can-  
ada's membership in the Empire.  
Mentioning the Great Britain of  
Alexander, of Caesar and of Na-  
poleon, "which of us would trade the  
British Commonwealth of Nations for  
the glories of any one of them?" he  
asked.

"Nothing can take from me my  
heritage in the proud traditions  
across the Atlantic," he continued.  
Some Canadians, said General O-  
dium, seem to think advocacy of the  
Imperial idea belittling to Canada.  
This was wholly untrue. Love of our  
own private family did not cause us  
to hate our neighbors. Love of Van-  
couver did not interfere with loyalty  
to British Columbia or to Canada.

"I am proud to say I am an im-  
perialist in all the term implies," he  
declared.

### Provincial Legislator For Twenty-Eight Years

MR. A. E. MITCHELL  
Member of the Ontario Legislature and Liberal  
Member for West Northumberland. He has  
sat in the Provincial House since 1898, and  
now, it is rumored, is about to retire.

### MR. A. E. MITCHELL CALLED BY DEATH

Was Formerly in Business Here—  
Came to Victoria From  
Brandon, Manitoba.

The death took place yesterday  
afternoon of Mr. Amos Edgerton  
Mitchell, at his residence, 441 Su-  
perior Street. Mr. Mitchell was a  
well-known business man, formerly  
head of a firm of brokers here, who  
retired from business about two years  
ago.

He was born at Warkworth, Onta-  
rio, on June 13, 1866, and was edu-  
cated in that neighborhood. He  
moved to Brandon, Manitoba, and  
came to this city in September, 1907.  
Here he was engaged in business for  
several years until retirement, when  
the firm of Mitchell & Shepherd was  
dissolved.

An adherent of the Methodist  
Church, he was a member of that de-  
nomination who joined Rev. Dr.  
Lawson when the split took place at a  
local church, and since that time had  
been identified with the City Temple,  
of Penitence.

The obsequies will be of a memorial  
character, the service being held in  
conjunction with divine service on  
Sunday morning at the City Temple.  
The body is resting at the B.C.  
Funeral Company's premises, and will  
be removed to Vancouver on Saturday  
night for cremation.

### Gift Shower a Success

A quantity of very appropriate  
gifts was received at a shower which  
took place at the James Bay United  
Church, Parkside, South Tuxton  
Street, yesterday afternoon, when  
over forty ladies called, bringing  
articles for a sale of work which is  
to be held at the end of the month  
in aid of the church funds. In con-

### SAMPLES GIVEN OF FESTIVAL TALENT

Programme Last Evening at High School Anticipated Important Coming Musical Event

A sample of the splendid musical talent which is available in Victoria as the nucleus of the Musical Festival which is to take place here next Easter, was heard in the Festival Association's concert which took place last evening in the High School auditorium. The festival idea had its origin in a splendid community spirit which has the enthusiastic support of a section, at least, of the public, represented in the highly applauded audience present last evening, and various groups and individuals which are associating themselves with the movement. Mr. J. G. Brown, president of the association, seized the occasion to tell something about the support given up to the present. He paid a warm tribute to the several members of his committee, and stated that not only had they worked with great enthusiasm and harmony of feeling, but nearly every one of them had given a prize for some festival event.

"This festival venture is only at its beginning. We hope that in the years to come it will mean a big thing in the musical life of Victoria," he told the audience, referring subsequently to the particular share which the committee had given children, in the events in order to encourage them in a love of music. It was also announced that the management of the Vancouver Musical Festival Association had very kindly offered to help the venture in any way possible.

The programme was an excellent one. Beginning with splendidly sung choruses by the Arion Club, conducted by Mr. Herbert Kent, it contained new numbers by two other well-known local choirs also; the Schubert Club, composed of ladies voices and conducted by Mr. Frederick King, and the First United Church choir, conducted by Mr. Jackson Hawley. There is distinctive character in the work of these ensembles, each very fine. The ladies' choir is the youngest of the three, but has a sound, noticeable toward the standard set by the other two. All these choirs will certainly be among the entrants in the forthcoming festival. In their numbers, "The Nun of Nidaros," the Arion Club presented Mr. Theo. Kewley, tenor, in the solo part, showing that within their ranks they have individual talent

worthy of entry into the festival as independent units. The United Church choir gave a most polished rendering of Gounod's "Bye Baby's Wave." In the Misses Bucklin the audience listened to the last instrumental trio in the city. There is a union and sympathy of expression in their playing. The Moszkowski "Spanish Dance," with its pulsing rhythm, was a particularly effective number and beautifully played, following Plegier's suave "Love Song," which gave the cellist a particularly fine opportunity to show the full tones of her instrument. Miss Adele Bucklin, one of the sisters, appeared as a soloist in a charming little violin group which included Winnie's "Kulawak" and "The Rosary."

Mrs. Arthur Dowell has a full expressive voice and was warmly applauded after her solo, "When Celia Sings." Mr. Robert Morrison, the other vocal soloist of the evening, revealed very charming qualities of tone in his two numbers, "The Trumpeter" and "Mother Machree." Miss Rita Ormiston, a truly gifted young pianist, gave a brilliant interpretation of Chopin's "Ballade in G Minor."

The remainder of the programme was given by Miss Ella Pottinger and Miss Hilbert-Thom, elocutionists, the former reciting a graceful composition entitled "The Minuet," the latter the dignified "Robert of Sicily." Each reciter has excellent diction, a clear, pleasing speaking voice and an understanding of the value of gesture and restraint in recitation.

The accompanists who did their part on the programme so well were Mrs. Clifford Ward, Mrs. M. S. Matthews, Miss Muriel Bishop, Miss Velma Bucklin and Mr. A. Gurney.

### Campbell River

Mr. Haynes, the postoffice inspector, paid a visit to Campbell River on Saturday.

**Children's Party**  
Mrs. C. E. Stewart, Jr., Donnelly Road, Mount Toile, was hostess on Saturday evening at a very jolly party for her little son, "Taxis." The dining-room was very mysterious with its dim light of shaded candles and jolly pumpkin faces smiling in at each window; while the tea table, with its appropriate decorations of "Hallowe'en" and "Hallowe'en" favors, was a source of great delight to the many little guests. Among the invited guests were: Madam C. E. Stewart, Mr. and Mrs. Fairweather, Misses Madeleine Twigg, Winnifred and Flora Fairweather and Helen Stewart, Madam C. E. Stewart, Mrs. A. T. Gower, George Fairweather, "Taxis" and baby boy Stewart.

**Delightful Party**  
A delightful party was held on Saturday evening at the home of Mrs. Walters, 1241 Fernwood Road, in honor of her son William and his fiancée, who both celebrated their birthday. The supper table was about forty guests. The supper table was centered with a large birthday cake, beautifully decorated and lighted with twenty-one candles. Two solos were rendered by the Misses Margie and Florie Walters. Miss Margie Walters also gave a recitation.

## Your Most Becoming Colors

best suited for the soft little frock that will serve her so beautifully, she may feel perfectly safe in venturing among the shades that have a proper consideration for her complexion and do not form an unbecoming contrast. As a rule, the dark brunettes will have grey, brown or hazel eyes, but occasionally one does run across blue eyes in this type, in which event, all-ver grey will be the most desirable color for her eyes and will also blend harmoniously with her complexion tones. The full list that comprise the color palette of afternoon shades is as follows:

**Good**  
Cosmos (pale greyish-rose), Peach, Apricot, Silver grey.

Next come the wrong colors.

**Avoid**  
Purple, Strong blue, Pure pink, Strong colors that make the complexion swarthy.

All muddy colors. Again let me remind you that neither black nor white will be favorable to the dark brunettes, and certainly if black be used it should be given plenty of color in trimmings or accessories. Even a black hat should have relieving touches of color. A bit of red or green would probably be best, and could be used in the form of a large buckle or ribbon roses. The dark brunettes should never, of course, be beguiled into wearing a white hat, since under it her complexion loses all its richness, and assumes a muddy cast.

## "Old Mother Hubbard"

(New Version)

Old Mother Hubbard  
Went to the cupboard  
To get her poor dog a bone,  
But when she got there  
The cupboard was bare  
And so the poor dog got none.  
Old Mother Hubbard  
Went to the cupboard  
To get just a bit of a snack,  
She'd had supper and all  
At the Press Club ball,  
So wasn't hungry when she got back.  
But, Old Mother Hubbard  
Went to the cupboard  
The snack was for hubby, you see!  
It was his turn to eat  
And have a big treat,  
For she'd locked him in with the key!

Remember the good things that are promised at the Press Club ball tomorrow night at the Empress Hotel! Supper is one of them. It is to be an "Empress Special," and will supplement the numerous other attractions which are offered, including the splendid musical programme by Hunt's eight-piece orchestra. Dancing will begin promptly at 9 o'clock. Tickets will be found at The Colonist, The Times, the Empress, Fletcher's, Strath's and Terry's.

## Amateur Hockey League Holds Annual Meeting

George Warren Will Head Local Body for Fifth Consecutive Season—Ex-Reeve Hewlett of Oak Bay Is Elected Secretary-Treasurer—Franchises Must Be Claimed by November 10

George I. Warren will head the Victoria Amateur Hockey League for the fifth consecutive season. This was made clear at the annual meeting of the league held in the Chamber of Commerce last night, when officers were elected for the coming season.

A newcomer to the game in the office of secretary-treasurer is ex-Reeve Hewlett of Oak Bay. George Strath was re-elected as vice-president. His Honor Lieutenant-Governor Randolph Bruce was elected as honorary president. Leonard Tait, J. L. Tait and W. H. Wilkerson were elected as honorary vice-presidents.

EX-REEVE HEWLETT  
Of Oak Bay, who has been elected secretary-treasurer of the Victoria Amateur Hockey League at the annual meeting held in the Chamber of Commerce last night.

In his report to the meeting the president thanked the managers of the clubs for their co-operation in the last season.

A committee appointed to try and foster junior hockey, is composed of Ernie Cook, George Strath and Charlie Campbell, who will work with Percy Watson, president of the B.C.A.H.A.

Percy Watson, in a few words, pointed out that the junior hockey players of today were the seniors of tomorrow and in order to keep the game going and produce local material it was the suggestion of the speaker that the juniors be given greater consideration.

A hearty vote of thanks was tendered to Percy Watson for the interest he has shown in amateur hockey in the past and also the fact that he was greatly responsible for bringing the Allan Cup finals to the coast.

According to the management of the various clubs there is a possibility of all of last year's teams being back in the race. Hockey fans will remember how the shells won the title last year and after a stiff fight with the Vancouver Towers lost out in the series for the Pacific Coast championship.

A new club under the name of the Ex-Victoria High have made application for a franchise in the league and it is rumored that the Sons of Canada will be playing this season.

With no professional hockey in this year the general opinion is that the amateurs will have an extra good season. Every effort will be put forward by the new executive to give the followers of the puckchaser a good brand of hockey.

All clubs that are at present holding a franchise are given until November 10 to finally decide whether or not they will be in the race this season.

The matter of appointing a delegate to represent the local league at the B.C.M.A., which is being held in Vancouver next week, was left with the executive.

Who was chosen as president for his fifth consecutive term at the annual meeting of the Victoria Amateur Hockey League, held at the Chamber of Commerce last night.

## Navy Will Oppose HUDSON'S BAY TEAM

Championship of First Half of Wednesday Football League to Be Decided Thanksgiving Day

The championship of the first half of the Victoria and District Wednesday Football League will be at stake on Thanksgiving Day, when the Hudson's Bay and the Navy meet at the Royal Athletic Park at 10:30 a.m. in a postponed fixture. At present the Bays are tied with the Tillamums for the title, each club having seven points. If the boys of the gold and green sweaters can continue their march to victory and defeat the Navy on Thanksgiving Day, they will be crowned champions of the first half of the schedule. On the other hand, should the Navy hand the Bays a set-

## WILL ORGANIZE TWO BIG MEETS

McVICAR AND MUIQUEEN ARE PLANNING SEARCH FOR OLYMPIC ATHLETES

Complete Survey of Possibilities Will Be Made by Officials—Maining Early Start

WINNIPEG, Nov. 3.—A complete survey of Western Canada's possibilities for representation on the Olympic team to be sent from the Dominion to compete against the nations of the world at Amsterdam, 1928, will be undertaken by Jack McVicar, president of the Amateur Athletic Union of Canada, and P. J. Muirhead, chairman of the Canadian Olympic committee. These two officials will leave Winnipeg tomorrow for a tour of the western cities.

It is the plan of the officials to organize two big meets in the West during the Summer of 1927. One would likely be held in Winnipeg, while the other would be staged in Calgary or Edmonton. At these meets it is proposed to give a chance to every aspirant to a place on the Olympic team.

Concurrent with the western meets will be held in Eastern Canada. The eastern meets will be held in Montreal, and either Toronto or Hamilton. A general meeting of the western branches of the A.A.U. of C. will be held in Winnipeg on November 15.

"We are starting earlier this year," Mr. McVicar said. "Our aim is to get a complete line on the progress of the provincial organizations as that Mr. Muirhead can proceed with his work."

## Two Clubs Are Tied for Midweek Soccer Title

Hudson's Bay Climb to Level Standing With Tillamums by Virtue of 5-1 Victory Over Navy—Rennie & Taylors Down Clubmen by Similar Score

Yesterday's Wednesday Football League results were: Hudson's Bay 5, Navy 1; Rennie & Taylor 5, Tillamums 1.

With the Hudson's Bay and the Tillamums tied for the premier position in the midweek soccer league, this year's competition for the Wednesday League championship is perhaps the closest football race ever witnessed in this city. The first half of the regular schedule terminated yesterday and the outcome leaves the title for the first half still hanging in the balance.

The Navy and the Hudson's Bay have a postponed fixture, and on this the first half championship hinges. Should the departmental store representatives take the measure of the sailors they will then gain the title for the first half and the right to meet the winners of the second half for the midweek championship and the Pendray Cup. But on the other hand, should the Navy defeat the Hudson's Bay, an extra game will be necessary to decide the winners.

As the situation is at present, the Tillamums and the Bays are tied with seven points apiece, while the bakers are in second place with six points, the Navy are down in the cellar with a pair to their credit.

## The Standing

The standing of the clubs to date is as follows:

W. L. D. Pts. F. A.
Hudson's Bay... 3 1 1 7 17 9
Tillamums... 3 2 1 7 13 13
Rennie & Taylor 3 2 1 7 13 13
Navy... 1 4 0 2 7 17

## Hit Regular Stride

Rennie & Taylors eleven hit their regular stride yesterday at the Royal Athletic Park and sent the league-leading Tillamums home with a five-one score chalked up against them. The Broadmead had the brand of soccer that the winners played was of high calibre. The Tillamums, who were expected to give the tough-punchers a good game, disappointed their followers and fell by the wayside badly.

It was a case of experience against youth, with the ultimate result in favor of the more experienced club. The conclusion of the first half saw the winners leading a three-one score. Jeffries registering the counter-attack for the breadmead, while Brown accounted for the only tally of the clubmen. In the second half the winners added another pair to their credit, when Davies found the net on two occasions.

Kicking against the sun in the first half the winners were on the offensive early and the opposing defence was kept busy staying off the early attacks of the bakers' forwards. Jeffries, who was credited with the first score of the day, registered a soft tally after the fullback fumbled the ball, by allowing it to pass through his legs. Matthews, in goal for the clubmen, had no chance to save.

About ten minutes later the winners made it two-nil when Jeffries again found the net. Matthews making a good attempt to save. With a two-nil score against them the Tillamums took up the attack and the bakers' defence was subjected to some dangerous rushes. Brown, centre forward for the clubmen, brought joy to their camp when he fouled the net for the best counter of the day by hooking the ball into the corner of the net. Jeffries, fleet centre forward for the bakers, discounted this tally shortly after when he found the net after Matthews fumbled in endeavoring to save. The end of the first half saw the score sheet reading three to one in favor of the bakers.

## Second Half

In the second half the breadmead added another pair to their credit, Davies being responsible. The Tillamums staged some dangerous attacks but were unable to overcome the big lead gained by their opponents. Matthews, the clubmen's goalie, retired about fifteen minutes before time with a strained knee.

Fred Oliver refereed and the teams were:

Rennie & Taylors—Lomas; McDonald and Gilbert; McKinnon, Tupman

Hudson's Bay—Shrimpton; Armstrong and Gardiner; Gibney, Mercer and Kirchin; Addie, Fish, Robinson, Clark and Hanson.

Navy—Barker; Peters and Quinn; Freshwater, Robinson and Cooper; Tracey, Drake, Roberts, A. Whyte and C. Whyte.

A penalty kick by Wright gave the Esquimalt High School a 1-0 victory over the Oak Bay High School in a football game played at Cranmore Road ground yesterday.

## Sportive Punches

By the "Old Un"

Sometimes we are told that the reason the Americans beat the British so frequently in athletic contests nowadays (we hear quite a lot about it when they do and very little when they don't, by the way), is because the British do not take their games seriously enough.

Well it seems to us that it's possible to overdo this thing of taking games very seriously and putting the "fight" into them that they urge us to do.

A press dispatch from NEW YORK tells us that "All athletic relations between the UNITED STATES ARMY ACADEMY and SYRACUSE UNIVERSITY were severed yesterday as a direct result of the bitter battle waged between their respective football teams at West Point on October 16.

"Five players were more or less seriously injured in the repeated clashes of the two teams, and a sixth, ordered from the field for kicking an opponent, struck the referee two sharp blows on the jaw.

"SO INTENSE WAS THE FEELING THAT AFTER THE GAME SOLDIERS WITH DRAWN PISTOLS ESCORTED REFEREE SCHWARTZ FROM THE FIELD."

Well we hope we shall never read that the WOOLWICH and SANDHURST football teams were driven from the field in tanks as a measure of precaution or that the OXFORD and CAMBRIDGE eight rowed to the starting post at PUTNEY with a launch mounting a machine gun between them to keep the peace.

Hockey fans will be interested in the news that ERNIE JOHNSON, familiarly known to them all throughout Canada as "Moose," is back in the sport limelight again.

The "Moose" has signed with the Minneapolis Millers and will play in the American Association again.

Sport heroes are soon forgotten once they retire, but few who saw Johnson in action will ever forget him. He was one of the most colorful players who ever handled a hockey stick, always a man of great value to his side right up to his temporary retirement and undoubtedly a valuable man to the box office.

His agents on the ice used in bringing down the house and his popularity never waned. He gave no quarter and he asked for none, game to the core, absolutely fearless on the ice and contemptuous of injury.

If you were not at the local Arena the night they gave him his benefit here you missed something.

## CARDINAL BOWLERS WIN FROM EAGLES

Take Two Out of Three Games in City League Fixture—Potts Is High Man

A battle royal was staged last night at the Arcade Alley, when the Eagles, city league champions, met the Cardinals, and though bowling a higher total by nine pins, lost two of the three games. The scores prove the teams to be very evenly matched, and both pegged away to the drop of the hat. The ever-young-old-man Potts was in fine fettle, making the uncommon total of 571 pins, being the big name of the night. Frank Miller, as usual, was high man for the Cardinals with a 512 score.

The complete score follows:

Eagles  
W. Fairall... 109 165 139—404  
F. Moore... 134 149 182—465  
A. Potts... 195 195 181—671  
W. Vinnall... 151 142 131—424  
R. Bell... 146 174 136—456  
Totals... 735 825 760—2320

Cardinals

C. Brooke... 153 140 145—438  
D. Barton... 139 159 182—480  
H. Pickup... 155 115 150—420  
A. Riddle... 149 164 134—447  
P. Miller... 160 169 183—512  
Totals... 759 767 764—2311

## Sending Five Rugby Teams to the City For School Matches

The Victoria College school will be at home to three Rugby teams from Brentwood College today when the seniors, the second teams and the midges of each school will meet on the Mount Toimile grounds, and friends of both schools are cordially invited to come and see the play. The first teams are playing in a Scott-Moncrieff cup fixture and the second teams for the Hodgins Cup. Brentwood is sending three teams in all to the city today. In addition to those mentioned the College's third team is playing a team from Oak Bay High School at Cranmore Road at 3:30 and their fourth team is playing a team from Monterey School at Oak Bay at 3 p.m.

## Chuck Hellman Wins Back Bantam Title

PORTLAND, Nov. 3.—Chuck Hellman, Portland, retrieved the title of Pacific Coast bantamweight champion by winning a ten-round decision from George Marks, Los Angeles, in a slow main event here last night. Bud Davies, Vancouver, took a six-round decision from Vic Tender, Everett, in the semi-windup. They fought as bantamweights.

Mothers should never neglect the first sign of a cold or cough where their children are concerned, for if they do some serious lung trouble is liable to follow.

although the organization had improved its financial condition there was a decrease in membership this year. A special effort will be made to secure more members. The social committee was complimented for its work in contributing to the organization's fund.

Reeve Matheson was asked to say a few words during the meeting. He said that he had been approached by the executive of the Esquimalt Voters' League who had criticized some decision made by the council. Reeve Matheson said that he welcomed at all times representations from such organizations because constructive criticism was always valuable.

Due to a programme of rigid economy the municipality stood in a better financial condition this year than last. Some criticism was expected with regard to the parks in Esquimalt but Reeve Matheson pointed out that there was not sufficient money to meet the requirements of even the existing parks. He said that the council could face next year with better confidence because, as a result of negotiations with the large property holders in Esquimalt, no demand would be made for a re-assessment of their property. These owners, he pointed out, paid practically one-third of Esquimalt's taxes.

Mr. James Elrick, chairman of the Esquimalt School Board, outlined the work done this year in connection with the school board, pointing out that, with all accounts paid, there was still a balance of \$177 on hand. The High School staff had been re-organized and better results could be expected. There was an increase in High School attendance this term and also at the Lampson Street school. Forty-five pupils were expected to pass into High School at the end of this term, Mr. Elrick stated, so that the new High School would be handling a full attendance.

#### MR. STRAITH ENTERS SCHOOL BOARD RACE

Well-Known Victoria Barrister Fifth Candidate in Field for Three Trustee Vacancies

The number of candidates for the three vacancies on the Victoria School Board to be filled at the civic election here next month has increased to five, with the entry into the field for school trustee of Mr. William T. Straith, B.A., LL.B., well-known member of the legal firm of Clearihue & Straith.

Mr. Straith, who is a member of the executive of the Canadian Club, and secretary of the Victoria Yacht Club, has been a keen follower of educational progress for a lengthy period, and has been prominently identified with boys' work in the community for a number of years. He took a leading part

in the inception of the first Boys' Parliament, and has managed the annual gathering of British Columbia boy leaders every year since its organization.

As president of the Boys' Work Board, of Victoria, Mr. Straith has taken a keen interest in the youth of the city, and has long been identified with the Victoria Y.M.C.A.

After taking the degrees of B.A. and LL.B., Mr. Straith joined the 11th Field Ambulance, the unit of the University of Manitoba, and served three years overseas as a stretcher-bearer in the ranks of the Canadian Expeditionary Forces. He returned to Victoria to complete his law studies, was called to the bar four years ago, and became a member of the firm of Clearihue & Straith.

Mr. Straith stated last night that he was firmly of the opinion that the standard of education maintained in Victoria schools has played a real part in the development of the city. He believed that the news of the splendid educational facilities (traveling far have proved on numerous occasions a compelling factor in inducing new settlement here.

#### VICTORIA GIRL MAKES SENSATION IN OPERA

Miss Ethel Codd Achieves Noted Success in Work of Mozart Staged in Rochester

ROCHESTER, N.Y., Nov. 3.—Ethel Codd, young Canadian prima donna, scored a sensational success here in creating the role of Constanza in the first American performance of the Mozart opera, "The Abduction."

Miss Codd, whose home is in Vancouver, is one of the principals of the Rochester Opera Company, composed entirely of United States and Canadian-born singers and giving all of its performances in English. A. J. Warner, critic of The Rochester Times-Union, said in its columns:

"The outstanding individual success in point of singing was scored by Ethel Codd. Her execution of Mozart's exacting music was notable." Richard Halliday, of Winnipeg, possessor of a rich baritone, was another artist who scored in the first American performance of the opera.

Miss Ethel Codd was born in Victoria, the daughter of Mr. and Mrs. Alfred Codd, formerly of St. Andrew's choir. She sang here in the Dominion Theatre last winter.

"What do you make a week?" asked the magistrate of the organ-grinder. "Three pounds, sir." "What? Three pounds a week for grinding an organ?" "No, sir; for stopping and going away."

##### Log Scale Increases

PRINCE GEORGE—That the timber industry of the Prince George district is making a steady development is disclosed by the log scale for the past month, which shows a total scale of 12,121,687 feet board measure. This is the largest scale turned in since the district was organized, and tops the scale for this month of May this year, when a record was established with the scale of 11,857,398 feet. The scale for September was made up of 559,358 feet of fir, 10,941,326 feet of spruce, 208 feet of pine, 619,910 feet of balsam, and 1,058 feet of poplar. Compared with the scale for the month of September in the previous year that of the past month shows a gain of close upon one hundred per cent, the former total being 6,959,938 feet.

## At the Playhouses

**COLUMBIA** Harold Lloyd adds another outstanding character-actor to his list of "Grandma's Boy," his mind-physician of "Dr. Jack," and his stut-terling Lothario of "Giel Shy" with his delineation of a college boy in "The Freshman," his latest contribution to the world of mirth, showing today at the Columbia Theatre. It is said that Lloyd gives the best performance of his career in "The Freshman," in which he has caught the spirit of a college youth whose ambition is to become the most popular boy on the campus. This marks Lloyd's first screen attempt in a story of college life, but the part he plays in "The Freshman" seems to model him to perfect measure.

**CAPITOL** That the life of an immigrant and his struggle for the American stage is not all "beer and skittles" is shown in Harry Langdon's latest First National feature comedy, "The Strong Man," now showing at the Capitol Theatre. Harry appears as assistant to a German weight lifter, who comes to America to conquer the world. The vaudeville team had a rough time of it, and only makes ends meet by strenuous stretching.

**DOMINION** "The King on Main Street," "The Grand Duchess," and "The Grand Duke," now—"The Ace of Cads." Everyone of them a long time coming, but each worth waiting for! Why? Because of Adolphe Menjou, king of sophisticated comedy and newly appointed "Ace of Cads." Adapted by Forrest Halsey from Michael Arlen's story, "The Ace of Cads," is now showing at the Dominion Theatre. The accompaniment of audible "ohs" and "ahs." The picture is noteworthy because it serves as Luther Reed's first directorial assignment. "The Ace of Cads" is lucky to have recognized this "come" before any of its competitors. The story as it has been handled is a thing of absorbing interest—colorful to an extreme.

**PLAYHOUSE** Frank Brownlee, who plays the convict in Warner Bros. production, "The Social Highwayman," directed by William Heinsdale, now showing at the Playhouse. Brownlee played a part in the first picture that Beaudine directed. It was the first of the famous "Ham and Bud" series and was made in the old Kalem studios in Glendale.

**COLUMBIA** A large audience last night was moved alternately by laughter and pathos as the story of the lady of the cabbage patch was told by the production numbers over twenty. The youngsters in the show play with an enthusiasm and understanding which is a tribute to Ed. Redmond's directing, and the whole production is a first-rate one.

**Matheson Lang in "The Wandering Jew" at Royal November 11**

Matheson Lang, the great London actor, who is to open with his New Theatre London Company and production of "The Wandering Jew" at the Royal Theatre for three days, commencing Thursday, November 11, is a Canadian by birth, born in Montreal, the son of the Rev. Gavin Lang, cousin of His Grace the Archbishop of York, making his first tour of the land of his birth, though he has toured almost every other part of the British Empire, and for the past ten years has been one of London's most popular stars. In coming to Canada, Matheson Lang has determined to give the players of the Dominion the best obtainable in all British productions in British plays, written by British authors.

**George Arliss Opens At Royal Tonight In "Old English"**

George Arliss, the foremost actor on the American stage, returning from his London triumph in "The Green Goddess," will appear as Sylvanus Hethorp in Winthrop Ames' production of John Galsworthy's play, "Old English," at the Royal Victoria Theatre, three nights, beginning tonight, making his first visit since he acted "Diarra" here twelve years ago. In "Old English," Arliss presents a new phase of his art, contrasting with his suave Diarra and his villainous Rajah of Rukh. Old English is the name by which his associates know Sylvanus Hethorp, a

timber-reverence. The timber-reverence of British Columbia during the month of October show collections of \$148,000 on the actual operations of the industry, as compared with \$152,000 for October of last year. While there has been an increase shown in operations, the revenue from the timber industry has fallen off somewhat for last month, as compared with the same month of last year. The total revenue for the month of October is therefore \$152,750, as compared with \$141,568 last year.

The distinction between hard and sweet cider enters into the matter and this will have to be investigated.

Following the announcement that was made to the fruit-growers of the Okanagan Valley by Premier Oliver, that British Columbia made cider about as a matter of right have a place among beverages offered for sale by the Liquor Board, the investigation of the relation with respect to some such action will occupy the attention of the Liquor Board at an early date.

The Premier's action was taken as a result of the fact that the Okanagan there is, in common with all apple growing districts, a vast amount of waste in surplus fruit and second-class produce. The use of this for the making of cider seemed to Mr. Oliver to be a course that might well be adopted, and he feels that it is a plan to be found for other beverages of home production in the Government stores.

**APPLE VALUABLE**  
**ARTICLE OF DIET**

Juice of Fruit Said to Be of Great Dietetic Value—Vitamin Necessary to Promote Growth

City folks deny themselves a delicious and valuable food by eating too few apples. There are fifty varieties of this fruit of commercial importance. How many do you know about and how many apples do you eat each year?

Apples constitute a world-wide item of diet. They are fine for youth and old age when properly prepared. Eaten in the form of old-fashioned applesauce, or baked in a sugar pan, apples are a fit dish for the gods, says the Canadian Horticultural Council.

Feeding experiments conducted recently proved that protein content is low, although of an especially fine quality. The juice of the apple is of great dietetic value. Taken freely, the apple is a laxative, and acts favorably on the intestinal tract.

Unfortunately, as is true of other fruits, some persons are sensitive to the protein in the apple. Fortunately these are few and far between.

Not only is the apple valuable on account of its protein and roughage or fibre content, but it also contains the agreeable acid, malic. This is claimed by eminent dietitians to be an excellent anti-fermentative, preventing trouble in the intestines. The free use of apples appears to combat the tendency to acidosis.

The apple contains vitamins which are necessary to promote growth and to maintain good health.

This fruit is worthy of a more prominent place in the dietary. Usually it is regarded as a luxury to be indulged in when convenient or when it can be afforded. As a matter of fact, the apple should be considered an essential part of the menu.

Nature has so distributed the various forms of food which make a complete ration that it is necessary to include in our diet all parts of the plant—leaves, buds, roots, seeds and fruit. When this is done, we can be certain that nothing has been overlooked. You can see then that the apple is one of the plant foods which should be regularly eaten.

The apple supplies in a more palatable, though less concentrated form, much the same food essentials that are found in roots. These are particularly the alkaloids, salts. We need a considerable amount of these to neutralize the acid wastes of our bodies.

In the commercial field, the apple is put to many uses. The dried apple is used in the manufacture of jams, jellies, apple butter and sweetmeats in the form of candy and pastries.

But fruit every day, especially the apple.

A wet bathing suit—stiff muscles!

## MUSCLES WERE ALWAYS STIFF AND SORE

Life guard overcomes effects of damp and cold

A beach patrolman at Atlantic City has found a way to avoid the muscle-lameness that results from standing around all day in a wet bathing suit. "Just pat on a few drops of Sloan's Liniment. Don't rub. It's the liniment—not the rubbing—that helps. You'll get relief right away. I've tried all sorts of other things, but nothing gives results like Sloan's."

Letters like this from hundreds of users of Sloan's tell of the wonderful relief that Sloan's gives to every kind of muscular pain.

Sloan's gives real and lasting help because it doesn't just deaden pain, it gets at the cause. Right to the place that hurts it brings a healing stream of fresh, new blood. Quickly and surely it carries off the "fatigue-poison," takes out stiffness and drives away the aches and pains.

Get a bottle today and have it on hand. All druggists—35 cents.

## Chinese Stowaways Are Found on Empress

VANCOUVER, Nov. 3.—An attempt at wholesale evasion of immigration regulations was nipped on Tuesday by immigration officers when they found fifteen Chinese stowaways on board R.M.S. Empress of Asia. The Chinese were concealed in various parts of the ship, the majority in the laundry. It is suspected that they were stowed away with the connivance of some of the Chinese crew, as it would be impossible for such a party to remain concealed from all on board during the entire trip.

They were taken to the immigration detention wards and locked up to await the departure of the ship for the Orient.

## "Beau Geste"

A Great Mystery Story

By PERCIVAL CHRISTOPHER WREN

Three brothers, John, Michael and Digby, came suddenly and quietly to their home in England, following the theft of the "Blue Water," a valuable sapphire, owned by their aunt, Lady Brandon. Michael, the eldest, leaves first. Then Digby, the second, leaves. Finally, John, the youngest, leaves. The three brothers have gone to join the Foreign Legion, and to the French coast. He feels sure he will catch up with Beau and Digby. He forms a fast friendship with two American adventurers, Hank and Buddy. On the ship taking them to Oran, Africa, the cook refused to feed the recruits. It is a soundly beaten by the Americans. At Oran, he meets Digby and Michael. For the first time they come into contact with a man who was to have a lot to do with their unhappy future. He was Sergeant L'Esclapart, one of the most cruel, but courageous members of the entire Legion.

All was well this morning, however, and the great man's iron face remained impassive and his hard mouth unopened.

We took our Lebel rifles from the rack, put our bayonets in their frogs, and clattered down to the parade-ground at five-thirty, on that glorious cold morning.

The battalion marched away to field-exercises, and the recruits were formed up, told off by escouades, each under a corporal, and taken out to the "plateau," a vast drill-ground near the village, for physical training, which today was simply steady running. It was nothing much for young athletes like us three, but a little cruel for half-starved or out-of-condition men, who had not run for some time.

On other mornings the physical culture took the form of gymnastics, boxing, or a long route-march.

On our return to barracks, wet and warm, we had our morning meal of soup and bread, and a quarter-litre of good wine. Tin plates and gamelles were rattled out of hanging-cupboards, and we sat at the long tables that occupied the centre of the big room. There was meat as well as vegetables in my excellent stew, and the bread, though grey, was palatable, and more than sufficient in quantity.

After a rest, the recruits had a lecture, and after that, squad and company drill, while the battalion did attack-formation exercise on the plateau.

After this we were set to work with brooms and wheel-barrow at tidying up around the barracks, and were then free to go to the lavabo to wash and dry our white uniforms.

At five o'clock we got our second meal, exactly like the first, and were then finished for the day, save in so far as we had to prepare for the next, in the way of cleaning and polishing the leather and metal of our arms and equipment—no small task, especially with stuff fresh from store.

Here the poverty of the Legion again helped us, for no man need do a stroke more than he wishes of this kind of work, while he has a halfpenny to spare.

We soon found that it was a real and genuine kindness to let a comrade have a go at our leather and brass, our rifles and bayonets, our dirty fatigue-suits and underclothing; for, for him, a job meant the means of getting a packet of caporal cigarettes, a bottle of wine, a postage-stamp, a change of diet, a piece of

much-needed soap, or a chance to replenish his cleaning materials.

We three did not shirk our work, by any means, but very often, when weary to death, or anxious to go out of barracks, we gave our assiduous work to one of the many who begged to be allowed to do it.

The recruits progressed with astonishing speed, being practically all trained soldiers before they joined, and, picked up, the necessary Legion-French remarkably rapidly.

We three very soon became good soldiers, aided by our intelligence, strength, soldierly fieldcraft, courteous, self-respecting sense of discipline, knowledge of French, and a genuine desire to make good.

More fortunate than most, we were well-educated and had "background;" a little money (thanks to Michael's forethought), which was wealth in the Legion; good habits of self-control, and a public-school training; and we were inoffensive by reason of possessing the consideration, courtesy, and self-respecting respect for others proper to gentlemen.

Less fortunate than most, we were accustomed to the life of a soldier, able surroundings, leisure, a great deal of mental and physical recreation, spacioussness of life, and above all, privacy.

But at first, everything was new and strange, remarkable and romantic; we were Soldiers of Fortune, not so much together, and we were by no means unhappy.

But oh, how I longed to see Isabel! And gradually, wondering thoughts as to the "Blue Water" and his whereabouts retired to the back of my mind, for the world was too much with us altogether for there to be time available for introspection or day-dreaming. Our days were too full and busy and our nights all too short for thought. They were scarce long enough for the deep dreamless sleep necessary to men who were worked as we were.

And how we blessed Sundays—those glorious life-saving days of complete rest.

On our first Sunday morning in the Legion, we three sat on Michael's bed and held a "Council of War," as we had often done, in the days of the Hand, at Brandon Abbas.

It was decided that I should write to Isabel, telling her where I was, and saying that I knew where Michael and Digby were, and could send them any messages or news.

Isabel was to use her discretion as to admitting that she knew where I was, but if she did admit it, she was to add the simple truth—that she had not the slightest idea as to where the others were.

This plan was Michael's, and as he seemed keen on it, and neither Digby nor I was anything against it, we adopted it, and I wrote a letter which she could show to Aunt Patricia, or face.

I wrote as follows:—"Lieutenant John Smith, No. 18896, 7th Company, Premier Etrangere, Sidi-bel-Abbas, Algeria.

Dear Isabel, A letter to the above address will find me. Michael and Digby know it also. I can send them any messages, or news, from Brandon Abbas. Neither of them is in England. Either of them will let me know if he changes his present address. I am in excellent health. I shall write again if I hear from you. I am so anxious to know what is happening at home.

John."

Michael and Digby approved of this as it opened up a line of communication with Brandon Abbas, but made no change in the situation.

From what we had learnt, after discreet enquiries of Boldini, we had quite come to the conclusion that the English police would take no steps in pursuit of the legionary. John Smith, so long as he remained in the Legion, even though there were strong reasons for suspecting him to be John Geste who had disappeared at the time of the jewel-robbery.

But I privately inserted a scrap of paper on which was a message of undying and unalterable love to my sweetheart. This she could destroy, and the letter she could produce. Aunt Patricia's information or not, as might seem best to her in whatever circumstances arose.

On a Saturday night, a fortnight later, I got a private and personal love-letter that made me wildly happy and as proud as a peacock; and, with it, a long letter that I could send to Michael and Digby if I wished to do so.

This latter said that things were going on at Brandon Abbas exactly as before.

Aunt Patricia had, so far, communicated neither with the police nor with anybody else, and had taken no steps whatsoever in the matter.

Apparently she had accepted the fact that one of the three Gestes had stolen the "Blue Water"—and, extraordinarily and incredibly, she was just doing nothing at all about it, but simply awaiting Uncle Hector's return.

She had released Augustus, Claudia, and Isabel herself, from the prohibition as to leaving the house, and had asked no questions of any of them since the day that I had disappeared. On that day, she had accepted the solemn assurance of Augustus, Claudia, and Isabel, that they knew absolutely nothing as to where the Gestes had gone, which of them was the thief, or whether they were in league.

"I cannot understand her," she wrote, "nor get at what she thinks and feels. She fully accepts, apparently, my explanation of my disappearance (and incidentally of myself at the same time) and seems to suspect Claudia. She has told us that we are absolutely free from suspicion, and she wishes us to make no further reference to the matter at all. Gussie is, of course, unbearable. He has 'known' all along that you would come to a bad end—the three of you, but while certain that you are all in it together, he believes that you, John, are the actual thief. I told him that I had a belief too, and when he asked what it was, I said, 'I believe that if you gave your whole soul to it, Gussie, you might possibly, some day, be fit to clean John's boots—or those of any other Geste.'"

"I also said that if he ever uttered another word on the subject, I would discover, when the police came, that I had made a mistake in thinking that it was his arm I had held when the light faded. . . . Am I not a beast? But he does make me so angry with his sneers and condescending rectitude, the mean little gas-

However, as I have said, the police have not come yet, and absolutely nothing is being done. The servants haven't a ghost of an idea that anything is wrong, and life goes on just as if you three had merely gone up to Oxford for this term. Burdon must wonder that you all went so suddenly and with so little kit, but I don't suppose it interests him much.

I don't know what Uncle Hector will say about the delay in going to Scotland Yard! It almost looks as though Aunt wants the culprit to escape, or else feels that Uncle Hector would prefer that there should be no public scandal if it could possibly be avoided, and the sapphire recovered privately. Somehow I can't think that Aunt would have any mercy on the thief, though—and I really don't think she'd suppose Uncle Hector would prefer this delay to scandal. Surely he is not the person to care twopenny about scandal, and he certainly is not the person to approve a delay that may make recovery impossible. I can't make it out at all.

Fancy Uncle Hector robbed of thirty thousand pounds! He'll go raving mad and kill people!

Oh, John, where is the wretched thing? And how long will it be before you can all come back? I shall write to you at once if it turns up, and I shall certainly come and see you if you don't come soon—for it's my private opinion that you are all three together! . . .

I produced this letter for Michael and Digby to read, at our Sunday "Council of War" next morning.

Michael read it without a word of comment, and with an "Inscrutable face."

Digby said, "The little darling! I bet she comes to Sid if the thing doesn't turn up!" and he backed on the bed, with glee, at the idea.

"Wonder what Uncle Hector will do?" said Michael. "Poor Aunt Patricia will get a thin time. . . ."

"For not preventing us from pinching it?" jeered Digby.

"No—for not calling in the police at once," said Michael.

"I wonder why she didn't," I remarked.

"Yes," said Michael. "Funny, isn't it?"

And yawning and turning round from the window, out of which we had been looking, I noticed that Boldini was asleep on his bed behind us. It was curious how quietly that man could move about, with his cat-like steps and silent ways.

Recruit-days passed swiftly away, and we were too busy and too tired to be wretched.

From five in the morning till five in the evening we were hard at it, and after that we had plenty to do in preparing our kit and accoutrements for the morrow.

That done, or given to a needy comrade to do, we dressed in our walking-out uniforms, according to the particular order du jour, and went for a walk in tawdry hybrid Sidi, or to hear the Legion's magnificent band in the Place Sadi Carnot, or the Jardin Public. Usually we three went together, but sometimes the two Americans and St. Andre would accompany us, and Boldini whenever we could not shake him off.

He stuck to us closer than a brother stickle, and after his first usefulness was over (and paid for), as we gained experience and learnt the ropes, we certainly did not desire his society for himself alone.

But apparently he desired ours, and ardently.

The more we saw of the two Americans, the better we liked them, and the same applied to St. Andre—but precisely the converse was true of Boldini.

However, we were not troubled by his presence when Buddy went out with us, for the American would have none of him, and scrupled not to say so with painful definiteness.

"Get to hell out this, Casaca Sagrada," he would say truculently. "Don't wancha. Go gnaw circles in the meadow and keep away from me with both feet. . . . Skoot, son, or some equally discouraging address.

Painful as this was, we were glad to profit by it, for Boldini wasted more and more offensively familiar. But into words, the message of his manner to us three (his implications, and the general atmosphere he endeavored to create) was:

## Sterling Value "SALADA" TEA

We guarantee the quality of every pound.

"Come—we're all scoundrels together! Why this silly pretence of innocence and superiority? Let's be a united gang and share all 'not' kind of an idea."

I did not understand Buddy's virulent detestation of the man, though; and when I asked him about it one day, when he flatly refused to let Boldini join us in the canteen, all he could reply was:

"He's a rattle-snake with a silent rattle, and he's Lejaune's spy. You wanta watch out. He's on your trail for somethin'," and Hank had confirmed this with a drawn, "Shero, Ro, watch the critter!"

The first time that Boldini showed objection to Buddy's rudeness, the latter promptly invited him to come below and bring his fists—an invitation which Boldini declined (and was forever the admitted inferior, in consequence).

Another person who most certainly watched us, and with a baleful boring eye, was Colour-Sergeant Lejaune himself, now, alas, Sergeant-Major.

We were, however, far too keen, careful, and capable to give him the opportunity he obviously desired.

When he came in for room-inspection, he made no pretence of not giving us and our kit, accoutrements, and bedding, a longer and more searching inspection than he gave to anybody else except Buddy.

When I met the long, hard stare of his hot and cruel eyes, I thought of a panther or some other feral beast whose sole mental content was hate.

"We're sure for it, pard," said Buddy to me, after one of these inspections. "Our name's mud. That section-boss makes me feel like when I butted into a grizzly-bar. On'y I liked the bar better."

"Yep," agreed Hank. "He's a grizzly-bar. . . . But I've shot a grizzly-bar, I hev."

"They ain't immortal," he added mildly.

It was also quite clear that Corporal Dupre had found that he had said the wrong thing when he replied to Lejaune's enquiry as to what sort of unspecified animals we were, by declaring that we were model recruits whose sole object appeared to be the meriting of his approval.

### REST UP IN CALIFORNIA

this winter

CAST OFF all your worries; say farewell to chilling winter winds; take a delightful short ocean trip to California this winter. The "Golden State" is wonderful in winter, and the ocean trip is wonderful, too! Nothing to do but just rest and play and sleep and eat and enjoy yourself. Such is life on the great ocean liners of the Admiral Line, which sail from Victoria and Seattle every few days for the sunny south. You can make the round trip to Los Angeles for as little as \$80, which includes your berth and meals. Great spacious decks, deck chairs galore, music, dancing—what a wonderful way to go south! ## Robert H. Merrick's Skipper Taken Ill And Ship Returns

SHORTLY after the freighter Robert H. Merrick put out from here for the South on Monday her master, Captain Noel, was taken ill with an attack of influenza and the vessel was headed back to this port. Upon the arrival of the vessel, Captain Noel was rushed to the Jubilee Hospital, where he is now recovering nicely. Captain Brown, of this city, took the vessel out yesterday morning.

deals with the question of port warden.

The Merchants' Exchange proposes, as a result of a suggestion accepted unanimously by the deep-sea section of the organization, that there should be a unification of the office of port warden and such assistants as may be necessary.

Mr. Johnston, during an interview today, stated that this suggestion would meet with the approval of the department and there would be uniformity in all Canadian Pacific ports.

In connection with the Canadian Shipping Act, it was stated in the last House of Commons that the Act will be revised and consolidated next session. The Exchange asks that the shipping interests of this coast be granted an opportunity to study any proposed changes and other suggestions. Mr. Johnston states that this request will be granted.

The Blue Funnel liner Tallyho will call here this morning between 8 and 9 o'clock from Vancouver. After picking up a number of steerage passengers here, the vessel will clear for the Far East.

## NEW GULF ISLANDS SCHEDULE ISSUED

STEAMER OTTER WILL LEAVE VICTORIA THREE TIMES A WEEK

Princess Royal Departs From Vancouver Twice Weekly—Goes Into Effect Next Monday

The Winter schedule for the C.P.R. steamers Otter and Princess Royal operating out of Victoria and Vancouver in the Gulf Islands service was announced yesterday at the local offices of the company. The new schedule calls for the Otter to leave Victoria three times a week, every Monday and Wednesday at 7:15 a.m. and at 8 a.m. on Thursdays. From Vancouver the vessel will leave once a week at 7 a.m. every Saturday.

Out of Vancouver the steamer Princess Royal will leave twice a week, on Mondays and Thursdays at 9 a.m. and once a week from Victoria, on Tuesdays at 11 a.m. The following is the schedule for arrivals and departures at the various points which goes into effect next Monday:

Monday—Leave Victoria 7:15 a.m. for James Island (Village Wharf), Cowichan Bay, Genoa Bay, Mudge Bay, Broughton Bay, Crofton, Vesuvius Bay (Salt Spring Island), Kuparuk Island, Thetis Island, Shaw's Landing, Retreat Cove, Ganges Harbor.

Tuesday—Leave Ganges Harbor 7 a.m. for Galiano Island, Mayne Island, Port Washington (Pender Island), Saturna Island, South Pender, Beaver Point, Moreby Island, James Island (C.N.C.), Victoria.

Wednesday—Leave Victoria 7:15 a.m. for James Island (C.N.C.), Hope Bay (Pender Island), Ganges Harbor (Salt Spring Island), South Pender, and return to Victoria.

Thursday—Leave Victoria 8 a.m. for James Island (Village Wharf), Fulford Harbor, Beaver Point, Hope Bay, Culchewan Cove, Ganges Harbor.

Friday—Leave Ganges Harbor 7 a.m. for Hope Bay (Pender Island), Saturna Island, Mayne Island, Galiano Island, Vancouver.

Saturday—Leave Vancouver 7 a.m. for Galiano Island, Mayne Island, Hope Bay, Saturna Island, Ganges Harbor, Victoria.

Princess Royal  
Monday—Leave Vancouver 9 a.m. for Mayne Island, Port Washington (Pender Island), Culchewan Cove, Ganges Harbor (Salt Spring Island), James Island (C.N.C.), Arrive Victoria about 5:30 p.m.

Tuesday—Leave Victoria 11 a.m. for Port Washington (Pender Island), Ganges Harbor (Salt Spring Island), Saturna Island, Arrive Vancouver about 7:30 p.m.

Thursday—Leave Vancouver 9 a.m. for Mayne Island, Port Washington, Culchewan Cove, Ganges Harbor (Salt Spring Island), Arrive return to Vancouver about 7 p.m.

## CARDIGANSHIRE HAS BIG LIQUOR SHIPMENT

Champagne, Wines, Gin and Ale for Liquor Control Board Carried on Vessel—Due Early Today

The liquor supply of the Liquor Control Board will be considerably augmented today when the Royal Mail Steam Packet liner Cardiganshire docks at the Outer Wharves from the United Kingdom and way ports. Contained in the vessel's hold are about 1,400 cases of choice liquors, including shipments of sparkling champagne, old wines from Rotterdam and Remy France, and gin from Geneva for the festive season. This consignment of liquor is one of the largest to reach this port this year. She is expected to dock at the Outer Wharves about 6 o'clock this morning.

Close to 200 tons of other freight are billed for discharge here, including settlers' effects, clothing, provisions, linoleum, draperies and leather goods. The vessel will clear for Vancouver from this port.

## Oil Tanker Goes Ashore On California Coast

SAN PEDRO, Cal., Nov. 3.—The Associated Oil Tanker Solano went ashore at Point Arguello, more than 100 miles north of here, about 4 o'clock tonight, after having been picked up by the Federal Telegraph Radio station, said.

The tanker was unable to give its position accurately, due to the heavy fog which was responsible for the going aground. It also was unknown as yet what the extent of damages was, or whether it would be possible to refuel the ship. The tanker Steamer was known to be in the vicinity.

The freighter Loch Tay left James Island last night for Everett after unloading 1,100 tons of nitrates.

The second large shipment of coal to alleviate a shortage in South America caused by the British coal strike is to be taken from Union Bay, B.C., by the Westfall-Larson freighter Evanger, which is en route to Seattle from the East coast of South America. The vessel is due at Union Bay November 12. The first shipment was loaded at Union Bay by the steamship Hollywood, of the McCormick Steamship Company.

## K.K.K. Asked to Join Conference Following War on Freight Rates

FOLLOWING a freight rate war instigated by the Kawaakiki Kine Kalahe, when it made reductions in its tea and raw silk rates, the Trans-Pacific Steamship Conference has asked that line to join it. Whether this will be carried out, however, is problematical, as there are members of the conference that ask that the Blue Funnel Line's application be accepted before the K.K.K. is granted membership.

## Kaga Maru Will Dock About 11 A.M. From the Orient

LATEST advices from the N.Y.K. liner Kaga Maru indicate that the vessel will arrive at 11 a.m. today instead of noon. This should bring her to the Outer Docks shortly after 11 a.m. She has four passengers and thirty-five tons of freight for this port. The liner will clear for Seattle from here.

## V.M.D. HAD BUSY TIME IN OCTOBER

Five Vessels Were Repaired by Marine Department—Princess Patricia Is Still on Ways

The Victoria Machinery Depot marine department experienced a busy month during October. In all, five vessels were handled by the company, the most important jobs being the Princess Patricia and the steamer Famous.

The Patricia is still on the marine railway, undergoing a complete overhaul. The work will take some time to complete. The repairs to the steamer Famous, which has been lying alongside the wharf for the last ten days, will be completed shortly. Other ships repaired during the month were the Princess Mary, the ship's boat, the tug Superior, boiler repairs, and tug Spray, boiler repairs.

The Montreal-Quebec-Liverpool service is to be kept up with the St. Aurania, though the Aurania will inaugurate the season with a departure from Liverpool on April 14, returning to the Channel ports and London. The Aurania will call at Belfast and Glasgow westbound.

The Glasgow and Belfast service is to be maintained with the St. Letitia and the first sailing to be that of the Letitia from Glasgow on April 22. A fortnightly service will therefore be in force throughout the summer season. The Letitia, leaving Glasgow on May 6, will call at Londonderry instead of Belfast for that sailing only.

## SUMMER SCHEDULE OF CUNARD LINE IS MADE

Three Services Provided for England, Scotland, Ireland and Continental Points—Starts in April

MONTREAL, Nov. 3.—As was the case during the present St. Lawrence season, there will be three distinct Cunard and Anchor-Donaldson Line services from Montreal and Quebec to the United Kingdom and the Continent during next summer, the sailing schedule having been announced by the Robert Redford Company, Limited.

It was thought that the St. Aurania, which has recently been taken off the Hamburg-Southampton-Cherbourg-Halifax-New York service, however, added to the St. Lawrence route next summer, but no such move has yet been made by the Cunard Line head office.

The St. Aurania, Auronia, Auronia and Auronia will be employed on the Channel service, sailing from Montreal and Quebec to Plymouth, Cherbourg and London, and making the return trip via Southampton and Cherbourg.

This service commences with the departure of the Auronia from the St. Lawrence late in April, and thenceforward will be maintained by a weekly sailing from Montreal on Fridays at 10 o'clock eastern standard time. The service will continue until November 25, when the Auronia takes her departure.

The Montreal-Quebec-Liverpool service is to be kept up with the St. Aurania, though the Aurania will inaugurate the season with a departure from Liverpool on April 14, returning to the Channel ports and London. The Aurania will call at Belfast and Glasgow westbound.

## Asia Will Be One Day Late Sailing On Her Next Trip

THE Empress of Asia will be one day late sailing to the Far East on her next voyage, according to advices received at the C.P.R. offices here yesterday. The vessel was scheduled to leave here on November 11, but she will not depart until the following day. This becomes necessary in order to allow the passengers from the steamer Metagama, which will not reach Quebec until November 6, to connect with the ship.

## VALERIAN SURVIVORS ACQUITTED OF BLAME

British Admiralty Court Delivers Opinion—Men Drift on Raft and Wreckage Many Hours

HAMILTON, Bermuda, Nov. 3.—No blame for the loss of their vessel is attributed to any of the nineteen survivors of H. M. S. Valerian, which foundered with eighty-four men off Bermuda during the recent hurricane, under the opinion handed down today by a British Admiralty Court.

The official inquiry revealed a story of bravery and suffering on the part of officers and men. As the vessel foundered twenty-eight men caught one of the rafts, while others seized wreckage. The men drifted in the heavy seas for twenty-one hours. All but nineteen, exhausted by the struggle, slipped overboard from time to time and were lost. The survivors were at the point of exhaustion when picked up.

The Canadian Observer and the Canadian Skirmisher, of the Canadian Government Merchant Marine fleet, docked at the Oxbow Point Pier yesterday morning to discharge freight. The former came from California and the latter from the United Kingdom. Both vessels cleared for Vancouver from this port.

### STOCKHOLM FESTIVE FOR ROYAL WEDDING

Reindeer Steaks Will Be on Menu of Banquet at Palace Today—Bright Skies Are Dull

STOCKHOLM, Nov. 3.—With the arrival of Norwegian and Danish royalty this morning, four kings are here to celebrate tomorrow's royal wedding uniting Crown Prince Leopold of Belgium and Princess Astrid, niece of King Gustav of Sweden. Stockholm presents the most festive appearance in years. The principal streets are decorated with thousands

### Skin Torture Stops after 50 Years

Mr. S. E. Davis, Havelock, Ontario, says, "I had eczema for 50 years. At times I could not sleep. Tried all kinds of things but none did much good. Ovelmo helped me from the first and in a short time I was well." Mr. Davis is just one of over 30,000 who have written such letters about Ovelmo internal and external treatment. Try it for eczema, itch, tetter, salt rheum, and kindred skin diseases. Stops itching at once, soothes, heals and banishes eruptions quickly. Ask your druggist. Results or money back.

### GUY FAWKES PAGEANT WILL BE STAGED

"King Arthur and the Witch" Play  
Will Be Presented During  
Programme

Under the auspices of the Business Ladies' Club of the Victoria City Temple, a Guy Fawkes pageant will be staged at the K. of P. Hall, North Park Street, on Friday evening, by the West End Players, assisted by some of Victoria's best talent.

Not only will the character of Guy Fawkes be dramatized, but a play entitled "King Arthur and the Witch," specially written by Mr. Howard S. Stevenson, will be staged. The entire programme will be staged in sixteenth century costume. The town crier will be master of ceremonies. Refreshments will be served. Tickets are now on sale at Fletcher Brothers' Music Store, Stevenson's Candy Store, Melrose & Company, and at the office of Langley, 393 Pemberton Building.

### CALGARY RECITER TO GIVE PROGRAMME

Miss Theresa Siegel Will Recite  
"Sign of the Cross" at Fairfield  
United Church

A remarkable evening's programme is offered to the public at the Fairfield United Church tomorrow evening, when Miss Theresa Siegel, of Calgary, the famous dramatic reciter, will give Wilson Barrett's "The Sign of the Cross."

Miss Siegel, in her wonderful interpretation of the "Sign of the Cross," keeps her hearers absorbed in the story until the end is reached.

In the dramatic reproduction of whole plays for platform and entertainment, Miss Siegel excels. The story of "The Sign of the Cross" is laid in the day when Nero was Emperor of Rome and the persecution of the Early Christians formed the chief diversion of the Roman nobles. Marcus Superbus, in whom the chief interest of the play centres, falls in love with Merula, who is a Christian.

Marcus, fifth in Nero's favor and the richest man in Rome, is also loved by Herminia, a proud noble woman, who, when her proffered marriage is declined by Marcus, is easily persuaded by a friend to inform Poppaea, Nero's wife, that Marcus has saved the life of Merula and is hiding her in his palace, thinking that if the Christian girl is put out of the way, he will turn to her. Merula is condemned to die with the other Christians. Marcus pleads in vain for her life, and finally embraces the Christian faith, and dies with her in the arena.

In this vivid story of pagan Rome, and the struggles of the early Christians there, Miss Siegel finds adequate scope for the expression of her talent. The play is intensely dramatic, and Miss Siegel carries her hearers, thrilled and spellbound, from scene to scene of the absorbing story.

The recital closes with a pantomime scene of "Nearer, My God, to Thee."

### Weddings

Holman-McCarroll

A pretty wedding was solemnized Tuesday evening at 7:30 o'clock in the presence of immediate relatives only at the home of the bride's parents, when Rev. J. S. Patterson united in marriage Miss Helen (Nellie) McCarroll, daughter of Mr. and Mrs. McCarroll, of 607 McPherson Avenue, Victoria, West, to Mr. Henry John Holman, of Northcott Avenue, Victoria, West.

The bride, who was given away by her father, entered the drawing-room to the strains of Lehar's "Bridal March," played by Mrs. J. S. Patterson. She was pretty in a simple turquoise blue crepe de Chine gown, and carried a bouquet of Ophelia roses, carnations and maiden-hair fern. Miss Doris Eleanore, as bridesmaid, was charming in a gown of peach georgette, accented with pink and blue, and her bouquet was of deep pink roses and pink carnations. Mr. Bill McCarroll, brother of the bride, was best man.

During the signing of the register Mrs. J. S. Patterson sang "Love You Truly." Mrs. McCarroll, mother of the bride, dressed in black and white silk, received the guests.

After the ceremony all sat down to a delightful supper at a prettily decorated table on which a three-tiered wedding cake occupied the place of honor. The groom's mother, Mrs. Holman, gown in black silk and lace, and Miss Pryce, in black silk trimmed with grey fur, presided at the table.

The groom's gift to the bride was a beautifully fitted dressing case, and to the bridesmaid, a brown leather vanity purse, and to the best man, a diamond and platinum scarf pin.

Many were the pretty and useful presents received, showing the popularity of the young couple.

Mr. and Mrs. Holman left on the midnight boat for a honeymoon in the Sound cities, the bride traveling in a brown velvet coat trimmed with brown fur and hat en suite. On their return they will reside in Victoria.

### BRIDGE TEA WILL AID NEW SOLARium

Prospects are bright for the success of the bridge tea to be given on the afternoon of Tuesday, November 9, by the ladies of the Royal Purple Lodge. The party will be held at the Elks' Club room, Douglas Street, and the proceeds will be given in aid of the solarium. The committee in charge is working hard to make this a successful affair for a worthy cause. Among those who have already reserved tables are: Mrs. Phillips, Mrs. Youngman, Mrs. Neary, Mrs. Collins, Mrs. B. Davis, Mrs. G. Burns, Mrs. Kemple, Mrs. D. Spence, Mrs. Raymond, Mrs. Brooks, Mrs. Butler, Mrs. J. Jenkins, Mrs. Webster, Mrs. Menendes, Mrs. Knowles, Mrs. Horne, Mrs. J. Mills, Mrs. Pearce, Mrs. C. Denham, Mrs. Lindsay, Mrs. Baker, Mrs. Reid, Mrs. Sande, Mrs. M. Adams, Mrs. J. Spencer, Mrs. Hammond, Mrs. Warder, Mrs. Meldrum, Mrs. Hale, Mrs. Bowden, Mrs. Wright, Mrs. Clarke and Mrs. McDonald.

This affair will commence at 3:45 p.m. Holders of tables are requested to bring their playing cards and score pads. Those wishing to reserve tables are asked to telephone 3343L, or 1044 or 1760Y.

### Meeting Postponed

Owing to a lecture being held in the New Thought Temple on Friday evening, the Victoria Radio Club has found it necessary to postpone its regular monthly meeting until Friday, November 12.

### Motoring Party Here has Boat as Well as Caravan

Mr. and Mrs. King, accompanied by Mr. Gordon King, arrived at the Gorge Road Automobile Camp yesterday afternoon.

The family left home, Sharpville, Pennsylvania, July 1, traveling in their house car, a Studebaker Six, with a Wayne body measuring 14 feet long by 7 feet wide, well equipped with necessary furniture, radio, etc., including a folding boat with Johnson engine, for fishing purposes.

Their travels took them through the New England States to Quebec, Montreal and Ottawa, from there back into Michigan and Dakota and to the Yellowstone Park, and on into Oregon and Washington and Vancouver. They crossed to Victoria on the ferry from Anacortes. It is their intention, after spending a few days on the island, to make their way back home via California and Mexico.

They speak very highly of the courtesy given them by the Canadian people, and hope to make another visit.

### Resumes Law After Venture in Theatrical World

Mr. Bruce Bredin, who has been absent from the city for some months, reached Victoria a few days ago, and is renewing acquaintances here before leaving on Friday for Kamloops, where he will enter the law office of Mr. A. D. McIntyre.

Mr. Bredin, who, just before leaving here, had been called to the bar, left at the solicitation of Mr. Frank Crompton, well-known actor and theatrical director, to join the company of the latter in Eastern Canada. During the winter season Mr. Bredin played with Mr. Crompton in St. John's, Newfoundland, and at other points in the East.

Later he proceeded on to England, and spent several months there, before returning a few days ago to this city. Mr. Bredin has been popular

in this city in a social way and showed marked ability in a theatrical line. He was likewise captain of the grass hockey team of the city, and an excellent player of the game.

### Loyal Citizen Is Listed as Missing By Lloyds' Registry

LONDON, Nov. 3.—The British steamship Loyal Citizen was posted as missing at Lloyd's today.

The Loyal Citizen left Baltimore September 5, for Rio Janeiro via Sul, Brazil, with a cargo of coal and is supposed to have foundered with all hands, numbering thirty-five men.

On the afternoon of September 14, when about 200 miles from Bermuda, the Loyal Citizen broadcast an SOS, stating that No. 1 hold was filling up and the crew taking to the boats. Three ships which went to her assistance found no trace of the vessel on reaching the spot.

### Sidney Activities

SIDNEY, Nov. 3.—Recent guests at the Sidney Hotel include Mr. and Mrs. J. Cook, Galiano; Mr. J. Redman, Vancouver; Mr. and Mrs. Moorey, Kelowna; Mr. James J. Brown, Alaska; Messrs. S. and H. Pearson, Victoria, and Mr. C. Pearson, of Sidney Island.

The Young People's Society of the United Church entertained a number of their friends at a jolly Halloween party on Tuesday evening. The hall was gaily decorated in Halloween fashion, and the evening passed pleasantly in weird, ghostly games and stories. An amusing contest was held, the prizes for which were awarded to Miss C. Williams and Miss I. Hearn. At supper time the girls were wrapped in sheets and auctioned off to the highest bidder, the boys buying their supper partners in this amusing manner. The refreshments were served by Misses Gladys Daniels, Caroline Williams and Ethel Carter, after which the merry party dispersed.

### To Present Programme

A dramatic programme of unusual interest will be given tomorrow evening and Saturday at St. Mary's Hall, Yale Street, Oak Bay, under the direction of Mr. and Mrs. Legge-Willis. The company is known as "The Col-

Optimists." It will donate half the proceeds to the Cathedral building fund.

Mr. Legge-Willis has had many years' experience in producing and acting in England, Canada and Australia. Mrs. Legge-Willis has toured the British Isles with well-known companies, and has also appeared in London productions. Other members of the cast have been chosen, either for their experience and for their special suitability to the parts they will fill.

### Women's Clubs And Societies

#### Order of Eastern Star

All members of the Order of the Eastern Star and the general public are requested to take note that the bazaar to be held by Queen City Chapter No. 5, on Saturday of this week, will take place at the store next to Ryvester Feed Co. on Yates Street, and not on Douglas Street as previously expected. There will be stalls for fancy work, baby's wear, aprons, home cooking, afternoon tea, cup reading, dips, etc. The sale will commence at 9 a.m. and continue throughout the day. The object of the bazaar is to raise funds for charitable purposes.

#### Princess Patricia Lodge

Princess Patricia Lodge No. 233, Order Daughters of St. George, will hold its regular meeting in the Eagles' Hall tomorrow at 7:30 o'clock. At 8:30 o'clock there will be a whist drive.

### Miscellaneous Shower

A surprise miscellaneous shower was given last evening in honor of Miss Marjorie McDonald, whose marriage is taking place shortly at her home, 1242 Johnson Street. The many useful gifts were presented in a beautifully decorated box to the popular bride-elect, who responded in an appropriate manner. Among the invited guests were: Miss Agnes McCann, Miss Thelma Smith, Miss Erva Hall, Miss Ethel Allen, Miss Madge Randall, Miss Enid Flint, Miss Tilly Grant, Miss Helen Paget, Miss Margaret Jones, Miss Laura Bell, Miss Harriet Bell, Miss Victoria Lemmex, Miss Nora Russell, Miss Margaret Winters, Miss Vera Ellis, Miss Margaret F. Stewart, Miss Marion Wilby.

**Expires Suddenly After Starting for Hunting Expedition**  
NANAIMO, Nov. 3.—Albin Inkerman, Transfield, sixty-nine, a resident of Nanaimo and district for fifty years, died suddenly while starting out on a hunting trip from Ladysmith, Monday morning.  
The late Mr. Transfield left Ladysmith on horseback with a boy companion for Reinhart Lake, some twenty miles distant, and when a few miles from town he suddenly collapsed and expired without uttering a word or regaining consciousness, death apparently being due to heart failure.  
A native of Kentucky, U.S.A., the late Mr. Transfield is survived by one son, George, and two daughters, Miss Britta and Miss Nellie, all residing at Ladysmith.  
The remains are resting at D. J. Jenkins, Ltd., this city, pending the completion of funeral arrangements.  
Mr. Transfield, it appears, intended to spend a week with his son, George, who is employed by the Forestry Department at that point. He was on a trail leading to No. 5 Camp when death occurred. He was in his seventieth year, and is survived by two daughters, Bertha and Nellie, and one son, George, and four grandchildren. He was one of the oldest and most respected citizens.

### RADIUS PLANNED FOR WATER SUPPLY

LIGHTING SERVICE IS REPORTED TO HAVE COMPLETED USEFULNESS

Northern Area Proposed in Which to Handle Publicity Includes Comox, Deseret and Campbell River

COURTENAY, Nov. 3.—The mayor and all the aldermen were present at Monday night's regular council meeting. An offer of \$100 for two small lots (1 and 4 in Block 3) on Warren Avenue, from Mr. Charles Widen brought about discussion.

Alderman Pearce opposed acceptance of the offer, but the offer was accepted with the mayor casting the deciding vote, his worship pointing out that the lots were smaller than the usual and were practically useless except to the applicant whose house is situated on lots between the property under consideration.

A letter from the British Columbia Fire Underwriters' Association asking for regulations governing storage of gasoline within the city was discussed and ordered laid on the table for further consideration.

Mr. H. S. Baker asked that the drainage on Puntledge Street be lowered. The request was referred to the chairman of the Board of Works, who is to make a report. Alderman Douglas report included details of construction of cement sidewalk, housing of weigh scales, appointment of Messrs. J. H. Parkin and Herbert Smith as official weighers, and the crematory to be credited with twenty-five per cent of receipts. His report also included particulars of street drainage and catch basins, widening of Mill Street and the reconstruction of fencing.

**Lighting Improvement**  
Alderman MacDonald, reporting for the electric light committee, said that the present street lighting system had just about served its term of usefulness, and the city would have to consider making a change. He had in mind the installation of light standards on Union Street, which would form the nucleus of a permanent street lighting system. This would do away with the overhead wires, to be replaced with an underground wiring system. The department had sufficient funds on hand to commence the work before the bad weather started. He hoped to have had some particulars of limit standards, etc., to put before the meeting.

On the suggestion of Alderman Field further information will be obtained to be considered at a special meeting of the council. The city clerk reported that the metre inspector had recently inspected sixty electric light metres, which showed only one to be in any way out of order, and that one being eighteen per cent slow. Since 1914 only two metres had been rejected by the inspector, both of which were registering slow.

**Water Area**  
The city clerk also reported on the proposed city water area, and advised taking in a six-mile radius from the postoffice on all quarters of the circle, except the Royston quarter, where he recommended a four and a half mile radius. He had prepared a map for convenience. The matter was referred to the water committee with power to act.

Alderman Pearce brought up the matter of opening up the city lanes and explained the proceedings necessary for this work. A plan would have to be drawn up and conveyance of the portion of the lot affected made to the city. He proposed that Mr. L. S. Coker be requested to draw up the plan and he gave notice of introducing a by-law covering the matter at the next meeting.

Alderman Douglas stated that it was the intention to put a good gravel crown on the Lake Trail sidewalk and to have it treated with asphalt next summer.

By-law, authorizing the disposal of city lots to Mrs. E. H. Hargreaves and Mr. John Thompson received their first and second readings.

**Publicity**  
Alderman Field brought up the matter of advertising, and Mayor McKenzie gave some interesting information which he had acquired when at a recent Vernon convention. In the course of a general discussion which followed, it was brought out that Courtenay would get better results by doing its own advertising which would include Campbell River, Comox Lake, Forbes Landing and all surrounding territory.

**Nanaimo Liberals Hold Social Meeting**  
NANAIMO, Nov. 3.—The Nanaimo Liberal Association held a rally in the Elsie Hall Tuesday evening, to which the general public were invited. Among those present were Hon. William Sloan and Mr. C. H. O'Halloran, of Victoria. The hall was comfortably filled, and an enjoyable programme rendered by local artists during the evening. After the meeting a dance was held and general "jollity" prevailed up until the last number. Refreshments were served during the evening.

**Young People's Society Holds Meeting**  
KEATING, Nov. 3.—The first November meeting of the South Saanich Young People's Society was held in the church parlor on Monday evening, with a good attendance. Miss Christine MacNab presided. Letters were received from the Aged Ladies' and Men's homes in Victoria accepting with pleasure the offer of entertainment sent from the Young People's Society, it being decided to entertain the ladies on Thursday evening, December 2, and the aged men on Friday evening, December 3. The entertainment committee appointed for these evenings would welcome any suggestions which the members might bring to the next meeting.

Mr. A. Hafer reported on the progress made by the committee in charge of the preparation of the program for the hockey season. It was decided to push the work as much as possible before the winter weather set in.

Plans for the forthcoming play, "All on Account of Polly," which will be presented by the young people on Wednesday evening, November 24, at Keating, were discussed. The play will also be presented at Sidney on November 26.

**Tragedy Occurs Off Galiano**  
Japanease Is Drowned Off Portier Pass When Foot Is Caught in Lead Line

PORTER PASS, Nov. 3.—A sad drowning accident occurred on the night of Sunday. While the seine boats from Japanease camp, Porter Pass, were hauling a large shoal of herring, a young Japanese got his foot caught in the lead line and was drawn overboard into the net. Although every effort was made to draw in the seine net the body of the unfortunate man was not recovered. He was a recent arrival from Japan, about twenty-five years of age and unmarried. Little seems to be known about the drowned man by the local Japanese. All boats from the Japanese camp in the vicinity of Porter Pass, but no trace or sign of the body could be seen.

**Would Relieve Property Owners**  
Fee System at Duncan High School Is to Be Revised If Resolution Is Approved

DUNCAN, Nov. 3.—At last night's meeting of the Duncan Consolidated School Board, Trustee Stanhope gave notice of his intention to present a motion at the next meeting, to amend the regulations regarding the payment of high school fees in the local High School. Mr. Stanhope's proposal is aimed at reducing the taxation upon landowners, and distribute a portion of the cost upon the shoulders of non-property owners who receive a direct benefit from the educational facilities.

The notice of motion, which appears to have sufficient backing from other members of the board to secure its adoption, reads as follows:

"Resolved, that the resolution of September 7, last, re high school fees, be applicable to the present term only, and that the following be substituted in its place, taking effect January 1, 1927:

"The parents or property-constituted legal guardians of all pupils attending the High School, provided they are either bona fide residents or property owners within the Consolidated School Area, will be required to pay an annual fee of \$30 for each pupil attending the High School."

"All pupils whose parents or guardians are not taxpayers within such area shall be required to pay the annual fee of \$30, or more than present this \$30) such fee to be set by the board holding office according to the per capita cost of operating the High School."

"The said fee to be payable in advance, one-half being due on the opening day in January and the remaining half on the opening of the school in September."

"In the event of said parents or guardians being bona fide owners of city lots in the Consolidated School Area, and on which they have paid municipal taxes for the year immediately preceding, the amount of which is equal to or more than their liability in high school fees, then such fee or fees shall not be required."

"Should the amount of taxes paid be less than the amount of the high school fees, then the parent or guardian shall be required to pay the amount of the difference between the sum of such taxes actually paid and the sum of the High School fee or fees."

"All fees to be due and payable to the secretary of the board, at his office in Duncan, at the time aforesaid, and the said secretary shall be entitled to pay and who are granted exemption."

"Any pupil on whose account the fee is fourteen days in arrears shall be refused further tuition at the school, unless exemption has been sanctioned by the board of trustees then holding office."

Teachers on the staff of the Duncan school have been granted leave to attend the annual convention of the Central Vancouver Island Teachers' Institute, at Nanaimo, on November 24 and 25.

The finance committee recommended that no further action be taken in the matter of proposed night classes in commercial subjects.

A grant of \$25 towards the athletic fund of the Central School was voted by the board.

Authority was granted for the school children to attend Armistice Day memorial service on November 11, at the Soldiers' Memorial Cross, on Station Street.

Trustee W. L. B. Young took his seat at the board meeting following his return at a by-election recently.

**Officers Chosen**  
GALIANO, Nov. 3.—A meeting was held in the Galiano Hall on Saturday to elect officers for the hockey season. Mr. F. B. Spooner was re-elected president, Captain Denroche secretary, Mr. C. Morgan captain and Mr. C. O. T. vice-captain.

ALBERNI, Nov. 3.—Charged before Stipendiary Magistrate Mackenzie on Saturday, by Constable McKnight, with illegally gambling salmon, Sam Lee, a Chinaman, was fined \$15 and costs.

## TEMPORARY DAM PLANNED AT LAKE

Proposal to Stock Lakes With Kamloops Trout—Transportation to Powell River

COURTENAY, Nov. 3.—Two interesting discussions took place after the routine business had been done at the City Council meeting on Monday night, one of which culminated in the decision to construct a temporary dam as an experiment at Douglas Lake, one of the lakes in the Gooden group. The work will be commenced during the present week, and will be of an inexpensive nature. The dam will be made of logs cut at the lake, rock and other material. Douglas Lake, which covers a large area, being a natural basin in the mountains, will, it is hoped, be thus raised two feet above the level of the water in the Gooden group. The dam, which is only a short one, will be demolished and careful observations taken of the effect of the water supply at Courtenay, thousands of feet below the lake. The inexpensive experiment should prove the advisability of constructing a permanent dam at the source of Courtenay's water supply.

**Stocking With Fish**  
Alderman Douglas, after whom the lake was named, asked what steps had been taken to have these waters stocked with fish. It was found that the city clerk had been in touch with the city clerk to see what could be done in this connection. A letter was being sent to Mr. John P. Babcock, assistant commissioner of fisheries, asking information as to the possibility of making a start with "Kamloops" trout fry or eggs for the lakes, which vary from 300 to 1,000 acres in extent at an elevation of three to four thousand feet. It was thought best to concentrate on one or two of the lakes for a start. Other lakes in the group are named McKensie, Hargreaves, and the first three aldermen to see them.

**River Transportation**  
Mayor McKenzie reported fully on what had taken place regarding the transportation question. The proposal to have a ferry service on the Riverboat was in touch with the Courtenay authorities. Captain Rooke, of the Vancouver-Courtenay Transportation Co., was asked to make a proposal, under the condition of the Courtenay River had been freely discussed. Mr. F. B. Rattenbury, of Victoria, was also communicating with the subject.

Mayor McKenzie thought that the present was a big opportunity for the city, and that everything possible should be done. Alderman McDonald could not see the necessity of the Powell River boat service, and would like to see the council take some definite action. The matter of a ferry service in connection with the investment by the city in the boat service was discussed, the mayor giving it as his opinion that a by-law would now pass. All the aldermen were in favor of assisting the commencement of the service as far as possible.

**Herring Fleet Is Kept Active**  
Report Received From North Galiano—Good Demand for Packing Boxes

PORTER PASS, Nov. 3.—One of the camps caught seventy-five tons of herring one night during the past week, which is considered fairly good for this time of the year.

Mr. Kerr has added some new machinery to his sawmill and intends installing a larger planing machine. He has just received an order for 20,000 herring boxes to be used at the herring camps. Cobo salmon are still running in large schools in and around Porter Pass. Quail and pheasants are very plentiful this year.

**Alberni Fire Department Holds Masquerade Ball**  
ALBERNI, Nov. 3.—The firemen of the Alberni Volunteer Fire Department held their sixth annual masquerade ball in Clarke's Hall, Alberni, on Friday evening, October 29, the event being an unqualified success. No effort or expense was spared by the boys to keep up their reputation of the season. The decoration of the hall and the management of the dance, at which some 500 attended, the music being supplied by Hunt's orchestra from Victoria, would show that they are still living up to their reputation. A large and varied number of first class costumes were seen on the floor, and the judges were given a hard job to pick out the prize winners from the grand march. Prizes were awarded as follows:

Best-dressed gentleman—Ray Tyler, Spanish costume.  
Best-dressed lady—Belle Paterson, Spanish costume.  
Best-dressed couple—Aggie Forrester, German; Lucie Clark, lady, eighteenth century costume.  
Best handmaid—Mrs. M. Clausen, stork.  
Best comic couple—Sid Toms as a bear, and F. Harris, as a trainer.  
Best comic gentleman—Kathleen Frost, looking both ways.  
Best comic lady—Belle Frost, looking both ways.  
Best national costume (lady)—Myrtle Hays, Union Jack.  
Best national costume (gentleman)—J. H. MacLellan, Chinese.  
During the evening refreshments were served in the church hall.

**Happy Valley Service**  
HAPPY VALLEY, Nov. 3.—A meeting of all who are interested in the Anglican service held fortnightly in the Happy Valley School will be held tomorrow evening at eight o'clock at the home of Mr. and Mrs. A. Hankin, on Station Street.  
The Rev. H. Pearson will preside.

**Hurt in Mine**  
NANAIMO, Nov. 3.—Mr. L. Gowan was yesterday injured while working in the Jingle Pot mine, and was removed to the Nanaimo Hospital. He is suffering from internal injuries. At an early hour this morning he was reported resting as easily as could be expected.

**North Galiano, Nov. 3.**—Rev. R. D. Porter, of Mayne Island, held services in the North Galiano schoolhouse on Sunday morning. The church services are only held whenever there are five Sundays in the month, they are very well attended.

## Hallow'en Party

BOOKER, Nov. 3.—On Monday evening the Sunday school class of Knox Church had their annual Hallow'en party in the church. A large number of children attended together with their parents, teachers and friends, who all shared the merriment. Competitions and Hallow'en games were arranged for children of all ages, and the following were successful in winning prizes: Best Jack-o'-lantern, 1. Nellie Richardson; 2. Mollie Richardson. Best Jack-o'-lantern (for small children), 1. Nan Seymour; 2. Jimmie Horwood. The apple peeling was won by Violet Helgesen, and ducking for the quarter was won by A. Richardson. The evening when a delicious supper concluded a happy evening.

## PROPOSE TO HAVE ATHLETIC BODY

South Saanich Organization Plan to Go in for Basketball and Badminton

KEATING, Nov. 3.—A meeting was held in Temperance Hall on Tuesday evening when a number of the young people in the district attended and discussed plans for the formation of an athletic club in the district, as it has long been felt that something of the kind is needed.

Mr. W. D. Mitchell presided and it was decided to form a club and to play basketball and badminton in the hall and to meet on Tuesday night, November 9, for the official meeting and the first practice. Meanwhile the hall will be prepared for basketball and any work that is unfinished by next Tuesday will be done then before the practice.

The South Saanich Women's Institute will hold a wool bee in Temperance Hall on Thursday, when wool for comforters will be prepared. Luncheon will be served and final arrangements for the chicken supper and dance to be held by the Institute on Monday evening, November 8, will be discussed.

The South Saanich Women's Institute will hold its regular fortnightly card party in the rooms at Temperance Hall on Saturday evening, November 6. The game will be military 500 and the committee in charge will be Mrs. H. Lawrie and Mrs. R. E. Nimmo, Misses M. McKenzie and E. Nimmo.

Mr. George Hafer has returned to Port Angeles after spending several days at the home of his mother, Mrs. L. Hafer, Central Saanich Road.

Mr. George Stokes, East Saanich Road, and Mr. Luther McNutt, of Victoria, spent the week-end at Cobble Hill, enjoying the hunting.

Miss Blanche Sheering returned to her home, Victoria and Sidney Road, on Tuesday, after spending several weeks visiting Mrs. Robinson and other friends in Vancouver.

The many friends of Mrs. N. H. Lamont will be pleased to hear that she has returned to her home, Telegraph Road, and has successfully recovered after undergoing an operation in the Jubilee Hospital, Victoria.

## ENDOWMENT FUND INSPIRES EFFORT

Eighth Grade Girls' Pumpkin Tea Proves Marked Success at Nanaimo

NANAIMO, Nov. 3.—A most successful "pumpkin tea" was held recently by the Eighth Grade girls under the direction of Miss Margaret Gibb, teacher of home economics at the Queen's School, in aid of the home economics endowment fund of the University of British Columbia.

Among the many attractions was a cake and candy stall, while Mrs. Howe was unannounced as a fortune teller. The prize for the best decorated table, an artistic arrangement in orange and black, extending even to little cups and saucers and a seasonable atmosphere being introduced by clever Hallow'en devices. The entertainment netted over forty dollars.

On Monday evening Mrs. Robert Bolton, of Extension, was pleasantly surprised when a number of friends called at her home to extend birthday congratulations. A surprise box was presented to Mrs. Bolton by Mrs. Livingstone, which was gracefully acknowledged by the former. After a delicious supper the evening was spent in games and music.

**Small House Is Almost Burned**  
Mrs. Willard Fielding Awakened on Sunday to Find Dwelling House in Flames

COURTENAY, Nov. 3.—Two blazing fires occurred on Sunday. One was at about 5 a.m. when Mrs. Willard Fielding awoke to find her dwelling near the Postoffice in flames. After going to the dance at Royston the previous night she returned and lighted the fire to warm the house. Mr. Fielding had gone on a hunting trip. The Courtenay fire brigade made a quick response and extinguished the fire, but the small house was badly gutted. Some of the contents were saved, and the rest was covered by insurance. It is said. The other fire occurred on Sunday evening when Mr. Wm. A. Matheson's barn containing some sixty tons of hay, and some outbuildings were destroyed.

In trying to avoid a collie dog belonging to Mr. T. Pretzel, Mr. M. H. Tribe had the misfortune to overturn his car on the Lake Trail on Tuesday afternoon. Two of his children were with him at the time, but fortunately no one was seriously hurt. The car was badly damaged.
